

Final Standings 2026 Grand Prix Open Water Challenge

Swimmers who register for a race with a USMS One Event registration are not eligible for Grand Prix awards, although they may be eligible for race awards if offered by the host. If they later register for USMS then they will be eligible for the Grand Prix awards and they will start to accumulate points once they join.

The top ten swimmers in each race receive points which accumulate throughout the series. The top three in each category, at the end of the series, will receive Grand Prix Champion awards. Swimmers who participate in all events will receive a full series participant award. Grand Prix scoring has no age groups. Each individual race host may have age groups and may give awards. Swimmers must read the race announcement for each race to find out.

For any race event where swimmers can swim in more than one distance category, swimmers must declare prior to the race being swum what distance category they are competing in for Grand Prix points. This does not affect the points that they would get for the race. It only affects the overall cumulative total points for the Grand Prix series.
