AMERICAN MUSCLE GRILL

We can argue all day about the convenience and consistency of gas vs. the bold flavor of charcoal. Why don't we put an end to the argument and just burn it all? Leave indecision at the door and rev-up this multi-fuel monster, enjoying the perks of gas, charcoal, wood chunks, infrared, or all of them at the same time - all in a single BBQ. Use your gas to ignite the solid fuels in just seconds, or don't. The choice is yours when you have the best of both worlds at your fingertips. With 36" and 54" models, the biggest decision you'll be left to make is how big you want it - big, or BIG.
