- Matches will be played in a Round Robin Format. Players may sign up individually (and be matched with another individual player) or sign up with a teammate.
- For the Tuesday Doubles League players may partner with a player of any gender and will be matched against teams of mixed or same gender.
- Teams are scheduled for competitive matches against a variety of teams with similar ability. Draws will be based on each teams combined ratings (example: you are a 3.0 and your teammate is a 2.5, your draw would be based on your combined rating of a 5.5).
- These are all permanent partner doubles leagues - meaning you will play with your partner (unless needing a sub) for the entire 6 week season.
- Subs are each players responsibility. If a player is having a difficult time finding a sub, please contact Kourtnei and she will help to find you one. Subs (unless found by a player) are not guaranteed. QCTC will do the best they can to find you a replacement.
- Players do NOT have to have a rating to join this league - if players are looking to get evaluated based on skill level, please call our Front Desk at 309-762-2400.
- Each match is best 2 of 3 sets or a 10 point tie breaker to decide the 3rd set.
- A ranking system is used as an aid to schedule competitive matches.
- Pickleballs will be provided for each match. Players do not have to have their own paddles. If players need to borrow a paddle they can check out a demo paddle at our Front Desk.
- QCTC Pickleball leagues are for QCTC Members ages 18 and above. Players who are not QCTC are not eligible to join any leagues.
- Players are guaranteed at least 6 matches per 6 week session, but depending on the number of teams may play up to 18 matches per session.
- Refunds will not be permitted after the Registration Deadline.
