Adult Tennis Ladder League

What is a Ladder?

A challenge ladder is a mechanism for ranking players according to their skill levels. As members of the ladder play each other, their relative positions are adjusted to reflect the results of their play.

This is a Flex Ladder!

Match pairings are organized by staff each week. Match time is proposed by you and your partner based on your schedule! You set the time and date of when you want to play!

Why You Should Join!

QCTC is excited to offer this new tennis opportunity that will bring fun, competition, and growth to your game! Meet new players, compete, have fun!

This round robin ladder is a structured format where each player competes against every other player within their assigned division over a set period of time.

Players are typically grouped based on skill level to ensure competitive and enjoyable matches. During each league round, participants schedule and play matches against all others in their division, earning points based on results. Players will have 6 weeks to play everyone in their division. At the end of the 6 weeks, players will move up and down according to their placement in their division.
