TUBA®

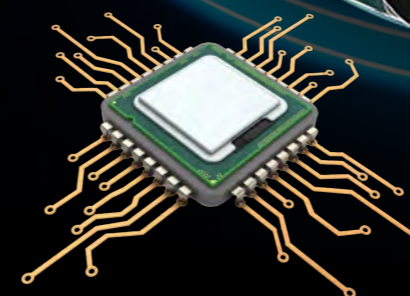

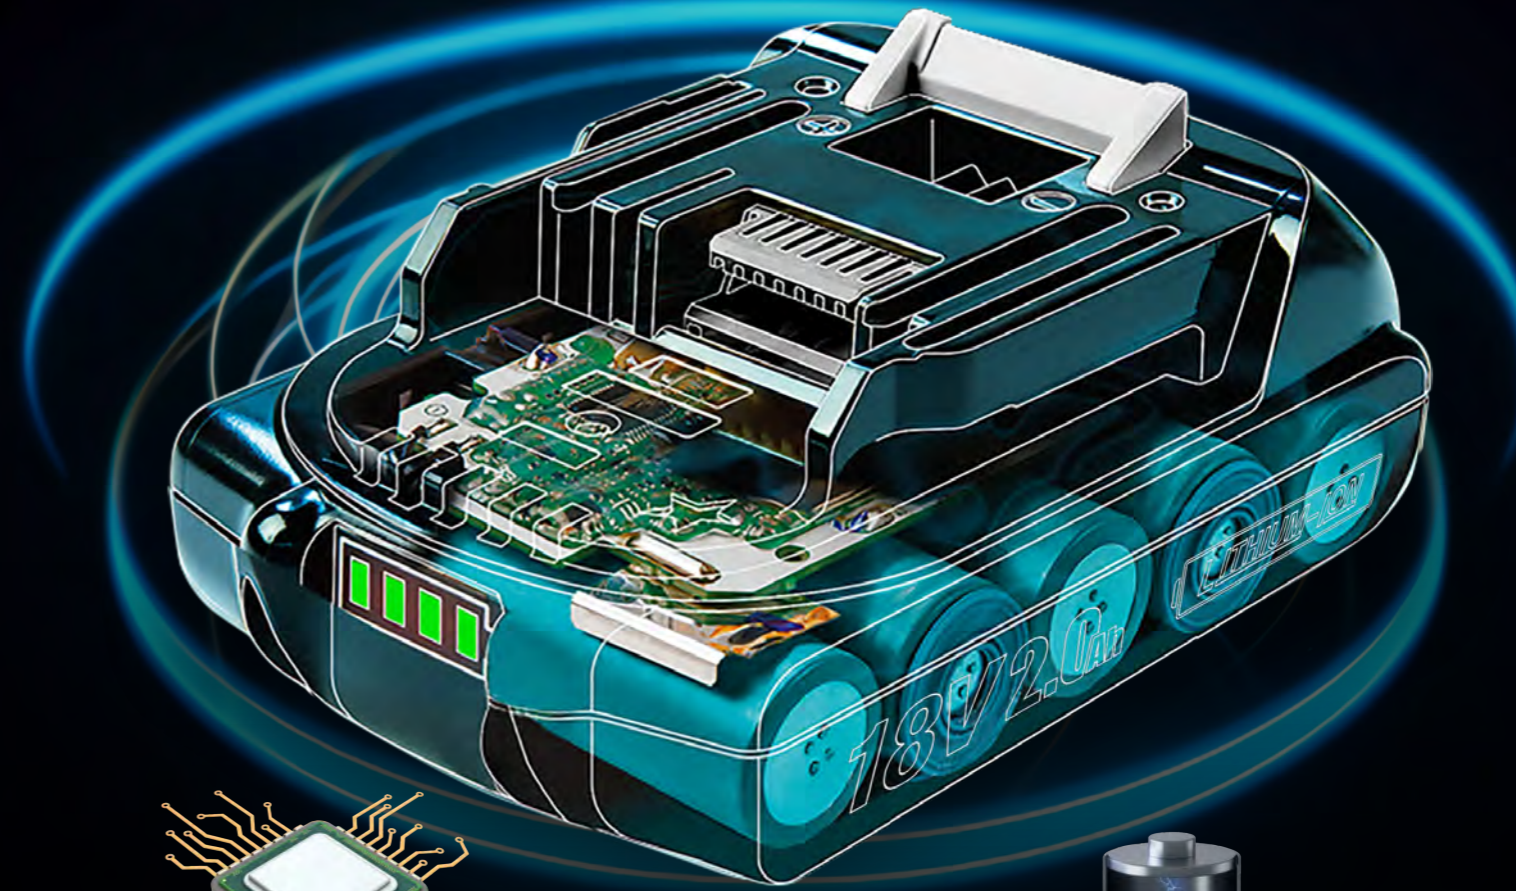

ABOUT US

USER-DRIVEN INNOVATION:

Instead of making assumptions about what users need, we set out to deliver disruptive innovation by getting out on the jobsite, alongside trade professionals, to understand their challenges - the frustrations, needs, and previous limitations. We set out to completely rethink a solution with new-to-world technology and unparalleled levels of design and engineering. Whether it's bringing cordless power to traditionally corded or gas products and manual activities, to advances to fundamental tools and equipment, we are dedicated to improving workplace productivity and safety.

POWERFULL CELL

Long duration, productivity, safety, and durability
Widely compatible with 18V power tools,
multiple intelligent protection

Intergrated PCB

Intelligent chip protection, automatic power off, circuits and motors protection, overcharge, overload

TUBA®

18V
LITHIUM-ION

BRUSHLESS DC MOTOR

High-output Brushless motor with low interference

No electrical spark generating greatly reduces the interference of the equipment.

Low noise and smooth operation

Reduced operating friction makes the smooth operating and low noise.

Longer durability, less maintenance costs

Maintenance-free motor, with 10 times longer lifespan than brush motor.

TUBA®

Model: TB18-F32

18 Gauge 1-1/4" (32mm)

Battery-powered Cordless Brad Nailer

New-To-World
Vacuum Balance Technology

High out-put brushless motor

Intuitive human-machine interface(HMI)

Strong penetrability, low recoil, delivers the unmatched fire rate with zero-ramp up time and pneumatic-like performance, enables users to consistently sink the nails into hard and soft wood properly.

3400 
Nails Per Charge (2.0Ah)

2mm(0.079")

10mm 3/8"

15mm 5/8"

20mm 3/4"

25mm 1"

30mm 1-3/16"

32mm 1-1/4"

1.26 x 1.05mm
(0.05"x0.041")

18Ga.

Applications:

Ideal for trim work on baseboards, window and door casing, chair rails and staircases and mouldings made of softwood (i.e., pine), hardwood (i.e., oak, maple, birch) and composite trim material.

No hassle of compressor, hose and expensive gas cartridge Portable and cost-save.

-  Tool-Free Drive Depth Adjustment
-  Fuel Gauge Indicator
-  LED Worklight For Increased Visibility
-  Reversible Belt Clip
-  Intuitive HMI
-  Sequential & Contact Actuation Mode Selectable
-  Ergonomic Over-mold Handle
-  Fast Drive Blade Replacement
-  Non-Marring Tip, Protect Working Surface From Damage

Specification:

Wire Gauge:	18Gauge	Firing Speed:	3 nails/second
Fasteners Range:	10-32mm("3/8"-1-1/4")	Nails Per Charge:	Up to 3400pcs
Magazine Capacity:	100pcs	Firing Mode:	Sequential or Contact Actuation
Nail Loading Way:	Side-bottom Loading		

Model: TB18-329032

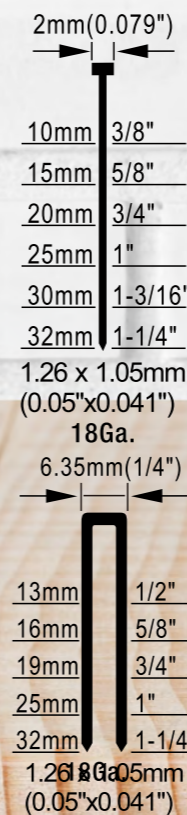

18 Gauge 1-1/4" (32mm) 2-In-1 Battery-powered Cordless Brad Nailer/Stapler

High out-put brushless motor
Intuitive human-machine interface (HMI)

Strong penetrability, Low recoil

delivers the unmatched fire rate with zero-ramp up time and pneumatic-like performance, enables users to consistently sink the nails into hard and soft wood properly.

3400 PCS
Nails Per Charge (2.0Ah)

Applications:

Ideal for trim work on baseboards, window and door casing, chair rails and staircases and mouldings made of softwood (i.e., pine), hardwood (i.e., oak, maple, birch) and composite trim material.

Invention Patent

New-To-World Vacuum Balance Technology

Applications

Specification:

Wire Gauge:	18Gauge
Fasteners Range:	Brad nails:10-32mm(3/8"-1-1/4") Staples:13-32mm(1/2"-1-1/4")
Magazine Capacity:	100pcs
Nail Loading Way:	Brad nail: Side-bottom Loading, Staples: Side-top Loading
Firing Speed:	3 Nails/second
Nails Per Charge:	Up to 3400pcs
Firing Mode:	Sequential or Contact Actuation

Model: TB18-F32425J

2-In-1 Cordless 18 Gauge 1-1/4" (32mm) Brad Nailer And 20 Gauge Narrow Crown 1" (25mm) Stapler

Invention Patent

New-To-World Vacuum Balance Technology

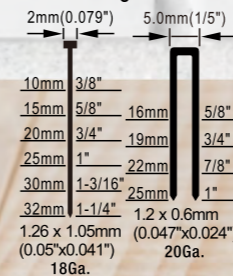

3400  PCS
Nails Per Charge (2.0Ah)

High out-put brushless motor Intuitive human-machine interface(HMI)

Strong penetrability, low recoil, delivers the unmatched fire rate with zero-ramp up time and pneumatic-like performance, enables users to consistently sink the nails into hard and soft wood properly.

No hassle of compressor, hose and expensive gas cartridge Portable and cost-save.

- Intuitive HMI;
- Fuel Gauge Indicator;
- Reversible Belt Clip;
- Tool-Free Quick Jam Clearing;
- Ergonomic Over-mold Handle;
- Fast Drive Blade Replacement;
- Tool-Free Drive Depth Adjustment;
- LED Worklight For Increased Visibility;
- Sequential and Contact Actuation Mode Selectable;
- Non-Marring Tip, Protect Working Surface From Damage.

Applications:

Ideal for trim work on baseboards, window and door casing, chair rails and staircases and mouldings made of softwood (i.e., pine), hardwood (i.e., oak, maple, birch) and composite trim material.

Specification:

Wire Gauge:	Brad nails:18Gauge Staples:20Ga.
Fasteners Range:	Brad nails:3/8"-1-1/4"(10-32mm) Staples:5/8"-1"(16-25mm)
Magazine Capacity:	100pcs
Nail Loading Way:	Side Loading (Brad nail: Side-bottom Loading, Staples: Side-top Loading)
Firing Speed:	3 nails/second
Nails Per Charge:	3400pcs
Firing Mode:	Single & Bump

Model: TB18-8016

21 Gauge 5/8" (16mm) Cordless Upholstery Stapler

High out-put brushless motor

Intuitive human-machine interface (HMI)

Strong penetrability, Low recoil

delivers the unmatched fire rate with zero-ramp up time and pneumatic-like performance, enables users to consistently sink the nails into hard and soft wood properly.

3400  PCS
Nails Per Charge (2.0Ah)

- Intuitive HMI;
- Fuel Gauge Indicator;
- Reversible Belt Clip;
- Ergonomic Over-mold Handle;
- Fast Drive Blade Replacement;
- LED Worklight For Increased Visibility;
- Sequential and Contact Actuation Mode
- Selectable;

Applications:

Ideal for furniture, picture frame, interior decoration etc. an array of materials and substrates. Complete finish, trim, and remodeling work.

Specification:

Wire Gauge:	21 Gauge:
Fasteners Range:	6-16mm(1/4"-5/8")
Magazine Capacity:	120pcs
Nail Loading Way:	Front Loading
Firing Speed:	3 nails/second
Nails Per Charge:	3400pcs
Firing Mode:	Single & Bump

Model: TB18-1022J

18V Brushless 20 Gauge 7/8" (22mm) Cordless Upholstery Stapler

Invention Patent **New-To-World**
Vacuum Balance Technology

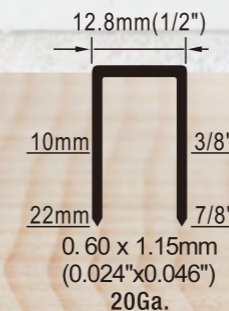

High out-put brushless motor

Intuitive human-machine interface(HMI)

Strong penetrability, low recoil, delivers the unmatched fire rate with zero-ramp up time and pneumatic-like performance, enables users to consistently sink the nails into hard and soft wood properly.

3400  PCS
Nails Per Charge (2.0Ah)

- Intuitive HMI;
- Fuel Gauge Indicator;
- Reversible Belt Clip;
- Ergonomic Over-mold Handle;
- Fast Drive Blade Replacement;
- LED Worklight For Increased Visibility;
- Sequential and Contact Actuation Mode
- Selectable;
- Double action trigger design, prevent the unintentional firing.

Applications:

Ideal for furniture, picture frame, interior decoration etc. an array of materials and substrates.

Specification:

Wire Gauge:	20 Gauge:
Fasteners Range:	10-22mm(3/8"-7/8")
Magazine Capacity:	120pcs
Nail Loading Way:	Front Loading
Firing Speed:	3 nails/second
Nails Per Charge:	3400pcs
Firing Mode:	Single & Bump

TUBA

18V LITHIUM-ION

Model: TB18-P635

18V Brushless 23 Gauge 1-3/8" (35mm) Cordless Pin Nailer

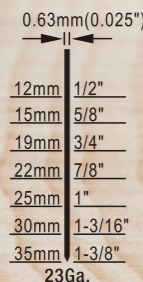

Invention Patent **New-To-World Vacuum Balance Technology**

High out-put brushless motor
Intuitive human-machine interface(HMI)

Strong penetrability, low recoil, delivers the unmatched fire rate with zero-ramp up time and pneumatic-like performance, enables users to consistently sink the nails into hard and soft wood properly.

No hassle of compressor, hose and expensive gas cartridge Portable and cost-save.

- Safety with Non-marring tip, protect the working safety from damage;
- Compact, lightweight, ergonomic design provides users with unmatched productivity and accessibility in tight spaces and confined corners;
- Precision and power consistently sink pin nails at proper depth into hard or softwoods;
- Tool-Free Drive Depth Adjustment;
- Intuitive HMI;
- Battery Fuel Gauge Indicator;
- Sequential and Contact Actuation Mode Selectable;
- LED Worklight For Increased Visibility;
- Ergonomic Over-mold Handle;
- Reversible Belt Hook;
- Fast Drive Blade replacement;
- Reload Indicator.

Applications:

Complete DIY or professional of finish, trim, interior decoration and remodeling work.

Specification:

Wire Gauge:	23 Gauge:
Pin Nail Type:	Headless
Fasteners Range:	15-35mm(5/8"-1-3/8")
Magazine Capacity:	100pcs
Nail Loading Way:	Front Loading
Firing Speed:	3 nails/second
Nails Per Charge:	3400pcs
Firing Mode:	Single & Bump

18V LITHIUM-ION

TUBA

Model: TB18-P635D

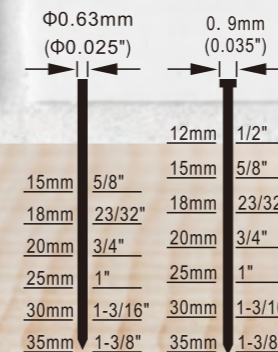

18V Brushless 23 Gauge 1-3/8" (35mm) 2-in-1 Cordless Pin Nailer

High out-put brushless motor

Intuitive human-machine interface (HMI)

- Safety with Non-marring tip, protect the working safety from damage;
