Mr. Johonson,

Your lab results are noted below.
Your a1c shows your diabetes is well controlled; no need to continue medication.
Your kidney, liver enzymes, and electrolytes are normal.
Your blood counts were normal.
Your urine test showed no protein from diabetes.
Your PSA remains elevated at 47.47 - please follow-up with urology.

Your cholesterol remains very high. Let me know if you want to reconsider starting a statin.
