

# **Dennis Anderson's Muddy Motorsports Park**

## *Mega Truck Rules: Updated 2026*

### **ALL GENERAL RULES APPLY**

1. All drivers **MUST WEAR** SFT 3 approved fire suits and all accessories. All items must have a current certification date.
2. All drivers **MUST WEAR** a neck collar or approved HANS device, and DOT/SFI approved helmet.
3. Drive shaft and yoke loops **REQUIRED** for both front and rear.
4. Must have a master kill switch in reach of the driver while belted in the seat.
5. All trucks must have an 8-point roll cage, fully gusseted.
6. Roll cage bars must weld directly to frame.
7. Forced induction (Superchargers, Turbochargers) allowed and must meet all NHRA safety requirements (Blower restraints, burst panel, etc). Nitrous, nitromethane, and methanol alcohol are permitted. All forms of fuel injection and delivery are permitted.
8. Open cockpit (Jeep) and tube chassis vehicles must have a window net.
9. Unless otherwise specified prior to the event, all vehicles must have 2.5 ton or larger axles.
10. Hybrid axles are approved, however the center section must be rated for 2.5 tons or higher.
11. No tractor tires smaller than 14.9x24. V-Treads (American Farmer, etc) will be permitted, but must measure at least 42" tall.
12. Must have a functional neutral safety switch.

### **V-TREAD OUTLAW CLASS**

THIS IS THE COMBINATION OF 1 TON AND 2.5 TON MEGAS  
RUNNING COMBINED IN A MEGA TRUCK CLASS

**ALL MEGA TRUCK RULES ABOVE ARE TO BE FOLLOWED**
