

RECONNECTIVE HEALING *“reconnecting the strings and the strands, bringing in light and information”*

FOUNDER ERIC PEARL DC. [His Book, The Reconnection.](#)

Presenter: Ruth Slater

My short biography

Retired RN, studied many healing modalities during this time.
Naturopathy, Healing Touch, Quantum Touch, QE and Reconnective
Healing.

I have always been looking for a way to have a permanent healing take place for myself and others. I found that with Reconnective Healing.

In studying these various modalities, I was introduced to meditation, exploring other realms, beings of many varieties, developing personal psychic abilities.

My practice includes healing, readings with intuitive art, and channelings.

My belief is that all are interrelated.

I look forward to sharing whatever I can, to assist you, and others in their personal journey.
