

SMALL ENGINE TECHNICIAN

Outdoor Equipment Solutions is an outdoor equipment sales, service & metal fabrication shop located in Merriam KS. We also sell a few lines of motorsports equipment. We are expanding and need to add a technician to our team. We are family-owned, we like each other and want to hire someone that is easy to like. The pace is fast, the work not always streamlined and methodical, and each day is never like the previous. Ready to join a team that is growing, expanding, and having fun doing it? Then **APPLY TODAY!**

JOB OVERVIEW

Looking for a hard worker that cares about our customers as much as we do. We pride ourselves on getting the job done right the first time, one and done is our motto. We also like to take care of our customers with a smile. Sum that up to say that it is important that you get the job done right the first time and you do it with an attitude of customer appreciation.

Now to get all of that done, you need to be at work. Which means committing to being here every day, on time, and ready to work. Work hours are Monday-Friday 8:30am to 5:30pm with a 60-minute lunch. During the surge season, there may be some required overtime on Saturdays.

We work on all types of outdoor power equipment to include lawn mowers big and small, handheld equipment, generators, and some diesel equipment. We also work on motorsports equipment such as scooters, motorcycles, etc.

BASIC JOB DESCRIPTION:

- Diagnose and repair 2-cycle & 4-cycle power equipment
- Skills with welding, electrical and hydraulic systems would be especially useful but not necessary
- Other duties as assigned

SKILLS NECESSARY TO SUCCEED:

- A minimum of 6 months of small engine repair experience
- Strong mechanical aptitude and troubleshooting skills but be humble enough to realize you don't know everything and be open to managerial guidance
- You've got to be punctual and reliable. If this is an issue for you, please scroll to the next job opportunity

- You've got to be motivated and a self-starter. You don't wait to be told what to do, you anticipate what needs to be done and you just do it
- You need to have basic computer skills to be able to look up digital parts diagrams, order parts, etc.
- You need to have strong organizational skills with the ability to prioritize what needs to get done and in what order it should happen
- Occasionally you will be asked to pick up materials/supplies so you must have a valid driver's license and reliable transportation
- You must be comfortable working in a hot, dirty, noisy environment
- You must understand and agree that Safety is first. No tough guys here, we take our own health and safety seriously and follow all safety measures outlined for our positions
- While performing the duties of this job, you will be regularly required to reach with hands and arms. The employee frequently is required to stand; talk or hear, walk, and use hands to finger, handle, feel or operate objects, tools, or controls. The employee is occasionally required to sit; climb or balance; stoop, kneel, crouch, or crawl.
- You must frequently lift and/or move up to 50 pounds and occasionally lift and/or move more than 75 pounds. Specific vision abilities required by this job include close vision, distance vision, color vision, peripheral vision, depth perception, and the ability to adjust focus.
- Friendliness is a must. You need to honestly enjoy people and like working with a small team of employees
- High school diploma or equivalent required
- Salary dependent on experience
- Benefits, including health insurance, available after 60 days
