About Us

PaPa's Workshop is the realization of a very long dream spanning back many years.
Whether it is Little Hands Development Toys, Games or Handmade Kitchen & Home Wooden items, it brings together my love of woodworking, my desire to make items that will last, and my love of family. The name comes from my love of my grandfather and when I experienced the joy of earning the title PaPa when my amazing grandchildren were born. Everything that comes from PaPa's Workshop is made with love and designed to last.

The Little Hands Story

PaPa's Workshop isn't just a name—it's a real place, and I'm PaPa. This is my workshop, and every toy that leaves it begins with love.

I still remember the overwhelming joy I felt when I held my first grandchild. That moment inspired the creation of my ***Little Hands When a toy is something more.™*** line of toys—thoughtfully designed to spark imagination and support early developmental skills.

Since then, I've been blessed with five grandchildren, and with each one, the joy I find in crafting these toys has only grown. In today's fast-paced, electronic world, I wanted to offer something different: classic, timeless toys that encourage creativity, motor skill development, and hands-on play.

Each Little Hands toy is rooted in Montessori principles and built with the same love and care I pour into the toys I make for my own grandchildren. It's my promise to you that every toy from PaPa's Workshop is made for the little hands of your little ones—with heart, intention, and craftsmanship.

From my family to yours,

PaPa
