Dear Friends,

On behalf of the State of Michigan, welcome to the 2024 county fair season. Our county fairs provide an excellent outlet for education, local charm, and family fun!

Each year, county fairs across Michigan showcase the unique talents, skills, and dedication of our state's farming and agriculture community. County fairs provide excellent opportunities for Michiganders to gather in celebration of our agricultural industry, highlighting modern agriculture processes, and honoring years of traditions.

I guarantee that the exhibits from our 4-H and Future Farmers of America (FFA) members will impress you and your family. As you gather with family and friends this fair season, I hope you enjoy the delicious food and family-friendly fun that county fairs provide. I have no doubt that your local county fair will offer entertainment and education for the whole family.

I send my best wishes for a fun and educational fair season. Whether you are a sponsor, exhibitor, or fairgoer, I hope you enjoy Michigan's county fairs this summer!

Sincerely,

DIRECTOR

Dear Friends,

On behalf of Michigan's fair industry, welcome to the 2024 county fair season!

Millions of people attend Michigan's county fairs each year, enjoying the sights, sounds, and activities that have become an annual tradition across the state.

Michigan's county fairs are cornerstones of social and cultural community identity. These annual events bring people together and maintain essential connections to rural traditions at a time when people are increasingly disconnected from agriculture and food production. Our state's 85 local, county, and state fairs provide safe, family-friendly entertainment and celebrate our important agricultural heritage.

County fairs also support nearly 50,000 Michigan youth who participate in livestock and community art exhibitions each year. These youth activities are meaningful educational and professional development opportunities and build lifelong connections with agriculture. The support provided by local businesses and families also provides meaningful resources for continuing education.

Whether you are here as a sponsor, exhibitor, or fairgoer, many family memories await you. I wish you great adventures during the 2024 fair season.

Sincerely,

A handwritten signature in black ink that reads "Tim Boring".

 - F. If a urine sample cannot be obtained, a Michigan Licensed Veterinarian/Veterinarian Technician may collect five tubes of blood from the animal. Each tube of blood must be identified with one of the six small sticker tags provided on the "Sample Tag." Place the five labeled blood tubes inside a plastic sample container and seal as described below.
 - G. After collecting the sample, close the lid and snap it completely shut. Loop the barbed plastic strip on the sample container through the two holes in the container tabs and pull snug. Apply a short piece of evidence tape across the protruding end of the plastic barbed strip and also across the lid and down sides of the container.
 - H. Complete the information on a "Sample Tag" substituting the name of the fair for "Track," the name of the animal (Grand Champion Steer, Reserve Champion Swine, etc.) for "Horse" and the ear tag number or other unique identification number for "Tattoo." After the animal representative has watched the sample collection and sealing, they must sign under "Witness" on the sample tag. The person collecting the sample must sign under the "Sampled By" on the sample tag.
 - I. Place one completed large sticker tag from the top of the "Sample Tag" on the top of the sample container over the evidence tape and the other completed large sticker tag on the side of the container. The remaining portion of the completed "Sample Tag" must be kept and NOT returned to the lab.
 - J. Lock the sealed and labeled sample container in a metal can. **Note:** Once the can is locked it cannot be opened until it reaches the lab.
 - K. Samples must be held secure and cold until transferred to the laboratory. **Note:** Urine may be frozen; blood must be kept refrigerated and never be frozen.
 - L. Any discarded needles should be placed in an approved "Sharps" container by the veterinarian/veterinarian technician.
 - M. When all sample collection has been completed, fill out the "Sample Transmittal Packing List." The packing list must identify the tag number of all samples included in the case. Enclose the completed "Sample Transmittal Packing List," and unused supplies and regenerated/refrozen freezer packs in the case and seal it with the provided intact case seal.

After Sample Collection is Completed

1. Transport samples to the lab either in person or by overnight express. Arrange samples to arrive at the lab during normal business hours (7:30 am-5:00 pm, Monday through Friday). The lab is located on the campus of Michigan State University at: 1615 South Harrison Road, East Lansing, MI 48823.
2. Collect and retain signed Animal Certification Forms and the remaining portion of the completed "Sample Tag." **Note:** Both of these documents should be kept in a secure place for cross-reference when sample results are received. In the event of a positive result these documents must be kept as evidence.

All costs of said testing will be charged as follows:

1. In the case of negative results all costs to be paid by complainant.
2. In the case of positive results all costs to be paid by owner of animal in question.

4-H AND ETHICS: JUST DO THE RIGHT THING!

One of the most difficult challenges when involved in competitive events, such as fair, is remaining true to what we know is right. It can be awfully tempting to do something that isn't quite right, but might not be exactly "wrong". This is the true challenge of behaving ethically—doing what's right when we're most tempted not to do so.

Although no one can argue that earning a blue ribbon is a great feeling, the ribbon should never be the goal. Instead, fair should be looked at as a means to demonstrate to one another and to the general public what has been learned through a year of hard work in a given project area. Our fair is an educational opportunity for youth, and for the public.

Tuscola County 4-H members are expected to be sincere, honest and to act in a sportsmanlike manner at all times. Every individual member represents the entire 4-H program and their behavior reflects not only on themselves but also their parents, leaders, club, and the entire county. All adults working with 4-H youth, including parents, judges, superintendents, and club leaders, are expected to serve as positive role models by what they say and by what they do.

4-H youth are expected to do their own work to a quality that is appropriate for their developmental level, following the guidelines and rules provided in the Tuscola County Fair Book each year. Adults should guide and support, not do the work for youth.

4-H animal exhibitors are expected to provide appropriate care for their animals and to treat them in a humane manner. Youth who participate in livestock auctions must ensure that the animals that they sell have been raised using agricultural best practices and are safe for consumers to eat.

Most importantly, 4-H members should participate in fair because they are excited about 4-H, about their project areas, want to show what they've learned, and want to share in their peers' accomplishments as well.

YOUTH GENERAL REGULATIONS CLASSES & PRIZES

1. Entry in classes at the Tuscola County Fair is suggested for the combined exhibits of the work of youth enrolled in 4-H Youth Programming or in FFA Vocational Agriculture classes during the current program year (September 1st – August 31st).
 2. These general regulations apply to all 4-H and FFA exhibitors. All 4-H and FFA exhibitors must abide by all the project, class, section, division, and department regulations and deadlines for the project(s) as well as the general regulations established jointly by the 4-H Council and FFA Advisors.
 3. **All exhibits are entered with the understanding that the fair association and Tuscola County 4-H accept no responsibility for loss, damage, sickness, injury or death of any animal or other item exhibited. The exhibitor assumes all risk and is responsible for any expenses incurred as a result of such loss or damage.** See also “Rules Governing Entries, Exhibits, Awards and Business of the Association” Section 1, Rule 4.
 4. To be eligible to exhibit in 4-H classes, the member must be properly enrolled in the Tuscola County 4-H Program no later than close of business on January 5, 2024 for returning members or the project deadline date for new members. Youth residing outside of Tuscola County MUST be properly enrolled in 4-H prior to their projects deadline date to be eligible to exhibit in 4-H classes.
 5. Members exhibiting in livestock, horse, dog, or shooting sports events must be enrolled in a 4-H Club that has a registered leader in the project area in which they are exhibiting.
 6. 4-H age is determined by the child’s age on January 1st of the current year. 4-H members must be between the ages of 8 and 19 to exhibit in 4-H classes at the Tuscola County Fair.
 7. Cloverbuds must be between the ages of 5 and 7 on January 1st of the current year to exhibit in Cloverbud activities at the Tuscola County Fair. Cloverbud classes are non-competitive (not placed or ranked A, B, C, and/or 1, 2, 3) and promote participation as well as education.
 8. FFA members should indicate on their entry forms that they are FFA members.
 9. All non-animal exhibits must have an entry tag attached. Entry tags are pre-printed and will be made available through the MSU Extension office the week prior to fair, at the fairgrounds on the day of Community Building check-in/judging, or through project superintendents.
 10. Projects belonging to exhibitors with special needs that should be brought to the judges’ attention can be marked by writing 4-H in the top right corner of the exhibitor card and drawing a circle around it.
 11. Exhibitors are limited to entering one project per class regardless of the fact that they may be enrolled in both 4-H and FFA.
 12. All entry forms must be submitted to the MSU Extension office before **Friday, June 21, 2024.**
- NO ENTRIES WILL BE ACCEPTED AFTER THIS DATE.** Changes or additions will not be allowed after the deadline.
13. In the event it appears there will be a conflict in exhibiting times, it is the responsibility of the 4-H exhibitor to notify the superintendent in advance.
 14. Exhibits will be judged on a blue, red and white ribbon (A, B, and C) basis. Any exhibit that does not meet the requirements listed for the project will automatically receive one ranking lower.
 15. Fair Premiums will no longer be paid by the Fair Board. In Lieu of Premiums for 2012 and beyond, any 4-H or FFA youth who exhibit in (5) or more divisions shall receive a free grandstand pass for the week of fair. Exhibitors must have a card signed by superintendents to verify projects. Exhibitors must present a complete signed card and 4-H pass to the Midway Hall on Monday, July 22nd and/or Tuesday, July 23rd, 2024 to receive the free grandstand stamp. This decision will be reviewed annually. Projects must be deemed worthy, such as with a B rating or better, and not misrepresented in any way.
 16. All awards shall be forfeited if any 4-H or FFA person is involved in improper conduct in any exhibit or activity area during the fair. If deemed necessary, the person(s) will be sent home. The decision is to be made by the Executive officers of the 4-H Council, one Fair Board member, and the involved superintendent.
 17. All livestock exhibitors must abide by the bio-security policy, which is available through the MSU Extension office.
 18. All fair exhibits must remain at the Tuscola County Fair until the published release time. Each exhibitor is responsible for picking up, or making arrangements for the pick-up of, their exhibits at this time. If necessary, exhibits in the Community Building may be picked up the following week at the MSU Extension office. **Projects not picked up within 14 days after fair will be discarded. PROJECTS LEAVING EARLY WILL FORFEIT PRIZES.**
 19. All final decisions pertaining to fair policy will be made jointly by the Tuscola County 4-H Council and the Tuscola County Fair Board.
 20. 4-H and FFA members are NOT allowed to sleep in barns, trucks, or cars. All overnight stays MUST be at an approved campsite with proper adult supervision. No running or smoking in the barns. No Dogs, except in the horse camping area, and in designated areas and at designated times, per the Horse Camping Contract. No skateboards or bikes allowed on the fair grounds.
 21. Each 4-H club must have a minimum of one adult and one teen present at both set-up and clean-up. All project areas will set up at 6:00 p.m. on the Wednesday before fair week unless indicated otherwise in the 4-H newsletter. Clean up will be during release time on Sunday between the hours of 6:00 a.m. to 12:00 p.m.
 22. Each 4-H club is responsible for providing help for the 4-H Diner at least once during fair week. The 4-H Diner relies on 4-H youth, parents, and leaders to volunteer during the week of the fair. Failure to comply will result in suspension of any scholarship awards for members of that club for the following enrollment year.
 23. **SPECIAL 4-H ADMISSIONS:** *4-H members and leaders may purchase a gate pass for \$2.50 for the entire week. Helper passes may be purchased for \$12.00 all week. A gate pass permits unlimited entries for one (1) person. Each person entering the fair must have a gate pass or pay the admission fee each time they enter. The gate pass must be signed and carried by the person who it was issued to. These special passes do not include admission to the midway rides or grandstand. ***4-H members can purchase a week pass to the grandstand for \$10.00 from the fair office.**
 24. All exhibitors and their families are to show 4-H spirit, showmanship, and respect to all participants and visitors at the fair.

LARGE LIVESTOCK

LARGE LIVESTOCK COMMITTEE CHAIRPERSON – Genevieve Hecht (989) 863-8728

YOUTH LARGE LIVESTOCK REGULATIONS

1. All exhibitors are expected to know and follow the Youth General Regulations within this book. They are to know and follow the Rules and Regulations found in the Tuscola County 4-H / FFA Large Livestock Handbook even if they are not specifically listed below.
2. A top record book will be chosen from the Beginner, Intermediate and Advanced categories. From the chosen 3, the best overall record book will be chosen and awarded \$50, and the other 2 will be awarded \$25 each respectively. This is for all Large Livestock species (beef, swine, sheep, feeders and dairy.)
3. Record books **MUST** be completed for each large livestock species exhibited at the Tuscola County Fair. These record books need to be completed in order to participate in the market class at the fair. Completed record books need to be turned in by 3 pm on Monday of fair week to the labeled box located in the swine barn. Completed books will be able to be picked up from the Community Building on Sunday, when all the other projects are released. You **MUST** contact your species superintendent if an extenuating circumstance applies. **A committee will judge all Record Books at 3 p.m. on Monday of Fair and select winners.**
*****No additions to the regular paper record book will be allowed. (Example: adding scrap book border; adding an extra art page, adding "bling", etc.) If additions are attached the exhibitor will be disqualified from receiving an incentive. Photos and pictures will be allowed on the original space allotted in the record books*****
4. Ownership is required for market livestock projects. The exhibitor must own the animal he or she is exhibiting.
5. Market livestock projects must be tagged according to the procedure specified by the superintendent for each species. There will be no exceptions to this rule; all market animals must be tagged. Notification of tagging dates and procedures will be printed in the Tuscola County 4-H Newsletter/Emails/Facebook posts. At the time of tagging, an exhibitor may elect to weigh-in for entry into rate of gain contests if applicable.
6. Each Large Livestock Exhibitor, showing a market livestock project at the Tuscola County Fair, is required to fulfill one (1) educational requirement each year. Please get the form from the MSU Extension Office. The educational requirement must be completed, and the form turned in by the fair paperwork deadline of each fair year. If an exhibitor has not completed their requirement or their paperwork has not been turned into the MSU Extension Office by the paperwork deadline, the exhibitor will only be able to exhibit their project in showmanship. They will not be able to participate in any Market Classes, making them ineligible to sell their project during the fair.
7. All exhibitors must check with the appropriate superintendent before stalling and exhibits must remain in the assigned stall. **Sunday Arrival:** Any Tuscola County 4-H participant that is attending both MLE and the TCF will be granted late arrival for check-in on Sunday of the TCF. The MLE participants shall arrive NO later than (5) hours after the final show/class concludes. A Large Livestock Representative at MLE will call another Large Livestock member on the grounds, to let them know when the class has ended, and the animal must be weighed in upon arrival at the TCF grounds, within the (5) hour limit.
8. This policy and wording is applicable to all Large Livestock species that have homegrown divisions to offer consistency and fairness to all participants. All species shown at the Tuscola County Fair must follow the home-grown guidelines set forth in the fair book and the Tuscola County Large Livestock Handbook. Homegrown **MUST** be declared at beginning weigh-in / tagging. Please contact the MSU Extension office for the Large Livestock Committee's contact information if you have any questions about the policy or the wording. **POLICY:** Homegrown animals will be defined as an animal born on the participant's immediate family's owned and operated farm, in which the participant has an active part in the care of said animal for the duration of the project. If you do not designate Homebred at the time of tagging, you will not be able to show in the Homebred class. **DEFINITION OF IMMEDIATE FAMILY:** Participant's parent, grandparent or sibling.
9. The Health Requirements for Livestock Exhibited in Michigan **MUST** be followed.
10. **If any animal shows clinical signs of infectious, contagious, or toxicological disease at check-in; that animal and any other animal(s) transported with or housed with the diseased animal shall be removed from the fair. Alternates will not be accepted.**
11. No exhibitor may exhibit more than five (5) market livestock species. All Grand & Reserve Champions must sell. In the event of more than three (3) Grand &/or Reserve Livestock, the monetary amount above market price for the excess animals will be donated to the Large Livestock Committee. The exhibitor will choose which projects the monetary amount will be donated.
12. A Market Heifer or Market Ewe can **NOT** be shown in its respective breeding class.
13. There shall be only one (1) official weigh-in per exhibited market livestock animal.
14. Bedding and feed are to be provided by each exhibitor. No bedding or food shall be provided.
15. By submitting livestock entries to the fair, exhibitors agree to abide by the Tuscola County 4-H Livestock Cleanliness Policy (pg # 22). All livestock exhibitors must comply with the online verification in ShoWorks™ with their fair entries. Any exhibitor who fails to keep livestock properly fed and watered as well as maintain a neat stall will be subject to the penalties noted in the Livestock Cleanliness Policy.
16. The animal is the sole responsibility of the exhibitor from time of arrival to departure on the closing Sunday of the fair. Swine waterers may not be removed until exhibitor's hogs leave their pens on Sunday morning. Cleanliness Policy penalties may be applied even after the Market Livestock Sale, including the possible forfeiture of all sale earnings.
17. When exhibiting and selling their animals, all exhibitors are expected to adhere to the large livestock dress code as it appears in this book.
18. All protests should follow the guidelines found in the Tuscola County 4-H / FFA Large Livestock Handbook.
19. Barn prizes for each department will be given on Saturday during the sweepstakes contest.
20. All exhibitors are required to clean up their respective areas at the close of the fair on Sunday.
21. Exhibit Fee: Each animal sold will have a fee deducted from their fair check to help pay for project expenses and fairground improvements.
22. Any animal purchased or taken home from the Tuscola County Fair is at the owner's risk, and the Large Livestock Committee, Michigan State University Extension and the Tuscola County Fair will not be held responsible.
23. Each Large Livestock Exhibitor and/or a member from their immediate family is required to attend one (1) Large Livestock Committee Meeting each year. If the Large Livestock exhibitor and/or an immediate family member does not attend one (1) meeting, the exhibitor will only be able to exhibit their project in a Showmanship class. They will not be able to participate in any Market classes, making them ineligible to sell their project during the fair. Please check your emailed newsletters or contact the MSU Extension office for the meeting dates and times.
24. All Large Livestock animals are to remain stalled in their designated stall during the Tuscola County Fair. The Grand and Reserve Champion Animals will be moved to their designated spot upon the completion of their show, if a spot is designated. (ex: Hall of Champions). If you have any questions, see your superintendent.
25. After the conclusion of the Dairy Show on Monday, Lactating animals can be returned home. The Grand Champion and Reserve Champion Cow would return on Friday morning no later than 9 a.m. to participate in the Large Livestock Auction.
26. Breeding Stock animals only can leave at 11 p.m. the last Saturday of fair.
27. All large livestock animals, excluding swine with their pre-made appointments, need to be in their marked stalls by 2:00 p.m. on the first Sunday afternoon of fair. You may start stalling your livestock starting at 9:00 a.m. Sunday. **Weigh in will take place after all animals are stalled with times to be determined by superintendent and posted by July 1st.** Please follow the marked unloading path and note that you will **only be able to unload livestock at this time.** After your livestock is unloaded, please pull your truck and trailer away from the barns, and off the midway. You are encouraged to set up your stall Saturday night before bringing livestock in.

2. Each exhibitor is limited to selling three (3) items, except for one exclusion ONLY; a pen of lambs and a pen of hogs will be permitted to sell and count as three (3). This **will** count toward their three (3) animals sold. 4% will be deducted from this amount and go to the Large Livestock Committee. The remainder will be divided evenly among the Dairy show persons, excluding Grand & Reserve Snowpersons. It is highly recommended to be present for the Sale of the Ceremonial Milk Can.

LARGE LIVESTOCK EXHIBITOR DRESS CODE

The large livestock committee is concerned about the appearance of our 4-H members when selling and exhibiting their animals. Affidavit for non-Ractopamine Usage in Swine

Announcements have been made from several commercial pork processing plants indicating that they will be eliminating the purchase of pigs that have been fed ractopamine from their markets. This decision is driven by the restrictions placed on pork products destined for export markets. Due to these new stipulations the Tuscola Large Livestock committee has decided to make some changes to their rules for exhibition to the Tuscola County Fair. For the 2022 exhibition year, pigs that have been fed a ractopamine product at any time will not be allowed to exhibit at the fair. These changes will continue to allow buyers of the pork projects at the fair access to resale markets for this year and hopefully beyond.

Rules Governing Entries, Exhibits, Awards and Business of the Association:

As stated in the fair book (year 2024) located on page 9, Section 1:

3. Disregard of any rule by an exhibitor or concessionaire forfeits all rights and privileges without recourse.

As stated in the fair book (year 2024) located on page 9, Section 3:

6. Any person using deception in entering any animal or article shall not be awarded a prize and shall be disbarred from exhibiting for a period of three years.

As stated in the fair book (year 2024) located on page 20 Youth Swine Department, Youth Swine Regulations:

2. The use of Ractopamine under any label will be prohibited in any exhibitor's animal feed for the Tuscola County Fair beginning in 2020.

Ractopamine is a beta-agonist commonly used in production that mimics the effects of adrenalin and promotes lean muscle growth, and even though it can be fed any time, is typically fed a few weeks prior to slaughter. This feed additive has been approved for use in swine diets for several years, with domestic markets setting tolerance guidelines. **Common names include Paylean, Explode, XXL and Lean Maximer, among others,** C Beth Ferry, MSU Extension swine specialist states, "with our export pork sales reflecting over 25% of our markets commercial processors need to reduce the risk of distributing a product that does not meet the export market guideline. By eliminating the use of ractopamine products in swine diets, they have done just that."

Ractopamine may be mixed in feed, or top-dressed, so be sure to talk to your feed dealer to see exactly what is in your feed program. It is important that youth exhibitors are aware of what is in the feed that they are purchasing for their projects. Reading the feed ingredient label and having conversations with your feed supplier will help identify any feed additives that may not be allowed.

I have read the above information on ractopamine and by checking the box in ShoWorks™ when signing up for the Tuscola County Fair, understanding and agree therefore, that I cannot use Ractopamine in any circumstance when feeding my pig.

DAIRY

As a 4-H/FFA Livestock Exhibitor, I agree to maintain a clean pen and provide appropriate care for my animal(s) from their arrival to the fairgrounds until their departure from the fairgrounds. At 10:00 a.m. each morning the project area superintendent will do a barn check and a yellow warning tag will be issued at this time if pen(s) and care are found to be unsatisfactory. The 10:00 a.m. check will be the first of many checks throughout the day and the ONLY announced/scheduled animal check. Any pen that was issued a yellow warning tag at either the 10:00 a.m. check or any subsequent pen checks will be given two hours maximum to make the pen(s) and animal care satisfactory. If the pen is still found unsatisfactory after two hours, a red tag will be issued and will result in a \$25.00 fine for the exhibitor. Two superintendents will examine the pen(s) and sign the red tag before it is issued. Also, the project area superintendent will attempt to notify the 4-H member's leader before fines are assessed. An additional \$25.00 fine will be assessed every day thereafter that pen(s) and care are found to be unsatisfactory; no yellow warning tag will be given. After THREE Red Tags, the exhibitor will forfeit sale monies and will be asked to remove the animal from the grounds. Fines shall be deducted from monies earned in the Livestock Sale and from exhibitors directly if an animal is not listed in the sale. Fines will be issued only after agreement by the project area superintendent and a member of the Tuscola County 4-H Large Livestock Committee. Notice of fines issued will be sent to the President of the 4-H Council as well.

I will also ensure that my pen(s) are cleaned and disassembled to the satisfaction of the project area superintendent by 12:00 p.m. the last Sunday of the fair.

All Exhibitors must consent to the Large Livestock Cleanliness Agreement with the exhibitors' fair entries on Sho Works to exhibit 4-H/FFA livestock animals at the fair. Those members who do not check yes, and consent to this policy, will not be allowed to participate in the 4-H/FFA classes or the Large Livestock Sale at the Tuscola County Fair.

Animals exhibiting any of the following conditions, symptoms, or behaviors shall not be permitted to enter the show ring:

- A. Animals showing no evidence of dehorning or are not properly healed over.
- B. No stags or bulls are allowed to stay at the Tuscola County Fair, except it is a bull calf class. All steers must be properly castrated and healed by the Sunday of fair.
- C. Anything found to have a contagious disease or sickness for example, but not limited to; warts, ringworm, lice, or not properly healed from open wounds that could be caused by, but not limited to, dehorning castration shall be sent home, unless a note from the vet is turned in during the time of check in.
- D. Failure to lead or be handled safely by exhibitor in or out of the show ring.

By checking yes in Sho Works, I hereby acknowledged that my livestock that I am entering and exhibiting at the Tuscola County Fair is to my knowledge healthy and free from the above listed and has not been in contact with other sick animals. Upon visible inspection at weigh in, if you are in violation of any of the above statements, you will be required to remove your livestock from the Tuscola County Fairgrounds and not be eligible to exhibit or participate in the sale of that livestock.

By checking yes in ShoWorks™, I hereby acknowledge that by unloading my livestock Sunday, July 20, 2024, at the Tuscola County Fair, that my animal is perfectly healthy, and accept the fact that the privilege of exhibiting and selling may be revoked if my animal is not healthy or deemed sane.

No exhibit is to be placed in exhibit cages or in exhibit pens until all of the birds from the flock are examined by the superintendent or testing representative. The whole flock must be tested and cleared before any of the flock birds will be allowed in the barn. It is highly recommended that any family exhibiting more than ten (10) birds; have their flock pullorum tested at the farm prior to the fair. Contact the superintendent for further pullorum information and testing. Birds for exhibit will still have to be examined for parasites and tagged during check-in day. If any poultry shows signs of disease or parasites, the whole flock and any birds transported with or housed with the diseased bird will be sent home.
11. Exhibitors should be present while the judge is examining their poultry. If the judge requests, exhibitors may handle their own birds when the market animals are judged.

TUSCOLA COUNTY 4-H SMALL LIVESTOCK CLEANLINESS AGREEMENT - 2024

ONE PER EXHIBITOR

EXHIBITOR'S EXPECTATIONS: BY 10:00 A.M. and AGAIN AT 6:00 P.M.

- Pen must be clean at both checks.
- Feed dishes need to be full at both checks. EXCEPTION: rabbits may be given regular feed at one meal and hay, hay cubes, or similar snack items at the other (but must have a food source of some sort at both checks).
- Water container must be clean and filled with fresh water at all times; the exhibitor is expected to ensure a constant supply of water in each pen throughout the day.

YELLOW TAG:

- Superintendents and/or designated Fair Board representatives will do barn checks at approximately 10:00 A.M. and 6:00 P.M. and periodically throughout the day.
- A yellow tag will automatically be issued if the pen, water or food dishes are found in an unsatisfactory condition at the morning and evening checks, and if water is found to be lacking at any time throughout the day. Yellow tags will be signed by two of the representatives described above.
- When a yellow tag is given, one attempt to contact the exhibitor and/or parent/guardian will be made using the phone number provided by the exhibitor on this form. It is the exhibitor's responsibility to ensure an accurate number is available and that the phone is answered. Failure to receive the call does not invalidate the yellow tag.

RED TAG:

- A yellow-tagged pen will be re-checked two hours after being tagged.
- If the pen is still in an unsatisfactory condition, a red tag will be issued and signed by three of the representatives described above.
- One attempt will be made to notify the exhibitor and/or parent/guardian using the phone number provided below.

ADDITIONAL CONDITIONS:

- Situations do occur in which animals and pens require care outside of the morning and evening checks (for example, a goat might defecate into its water dish after a satisfactory morning check by the superintendent). In such cases, the superintendent or other representative will attempt a courtesy call to have the exhibitor fix the problem; the exhibitor will be given a timeline to remedy the problem. If the problem is resolved as agreed, no further action will be taken. If not, a yellow tag will be given as described above, with potential for a red tag being given if the problem remains unresolved.

FINES/PENALTIES:

- A \$15 fine will be assessed when a red tag is issued.
- The fine will be deducted from the exhibitor's proceeds from the small animal sale or his/her premium check.
- Exhibits that have been red-tagged and do not receive appropriate care in a reasonable amount of time may be sent home at the discretion of a team consisting of the representatives described above. If the animal is sent home, all premiums and awards will be forfeited.
- Exhibitors who are repeatedly non-compliant may be prohibited from exhibiting in the small livestock area in next year's fair, at the discretion of the representatives listed above.

Thank You!

The Gettel family has been a staple in the Tuscola County 4-H Horse Division. Both participated in club tasks, leader committees, fairground projects and even Michigan State 4-H activities. Their level of commitment to the entire 4-H program is uncommon and will be sorely missed. Grant came up through the program first as a successful member and showman, then as a leader, as well as a 4-H parent of horse showing boys.

Pat married into her leadership role, but found many ways outside of horses to make her mark, by announcing for countless shows, craft projects, fundraisers, and fairground and horse barn beautification projects. Pat on occasion even found herself in the horse show ring.

Thank You for your many years supporting Tuscola County 4-H Horse Leaders!

Thank you Pat and Grant Gettel of Caro, for more than 80 combined years given to Tuscola County 4-H Horse Leaders of the Boots & Bridle 4-H Horse Club.

A strong advocate for other cancer patients, Lori helped in starting the Annual Ride for a Cure Horse Show.

Robert "Bob" Dennis
