This takes away the hassle of getting insurance and makes sure you are covered as soon as you need it. Instant SR-22's: SR-22 is a document that shows proof of financial responsibility. This document is often needed for a specified amount of time if you have been cited for driving without insurance, had a DUI, your license revoked or have received too many tickets. If you have been told you need one, we can get it for you instantly. It is just another way we make insurance an easy part of our client's lives. Motorcycle Coverage

The best motorcycle insurance has your back no matter what happens on (and off) the road. Of course, your premium ultimately depends on you, your bike, and your riding habits. Motorcycle insurance is required by law in many states. Besides that, it can protect you from losing your assets (home and savings) if you're responsible for causing personal injuries or property damage. It can also cover your medical bills, theft and damage from vandalism.

Recreational Vehicles Coverage

Lots of folks travel and live in their Recreational Vehicles; logging thousands of miles while enjoying awesome locations. At Clover we want to protect your home on wheels or home away from home while exploring and camping around all that nature has to offer. RV insurance is different from automobile insurance. There are two categories: recreational and full-time. Recreational is great when you don't live in your RV full-time or claim it as your address.

Flood Insurance

The National Flood Insurance Program aims to reduce the impact of flooding on private and public structures. It does so by providing affordable insurance to property owners, renters and businesses and by encouraging communities to adopt and enforce floodplain management regulations. These efforts help mitigate the effects of flooding on new and improved structures. Overall, the program reduces the socio-economic impact of disasters by promoting the purchase and retention of general risk insurance, but also of flood insurance, specifically.
