What We Offer

Our Venue

Our venue surrounds itself with magnificent views. Four majestic palms trees create the perfect altar for special ceremonies such as weddings, baptisms, and even memorials. This outdoor setting invites acoustic performers, entertainers, and special celebrations.

A cocktail area sets the ambiance for great social gatherings, whether it's wine tasting, corporate events, or social group activities. With wine barrel appetizer tables and wagon wheel buffet counters, it's truly country bohemian charm and comfort. An open bar and desert lounge is centrally located, surrounded by mountain views, banana trees, roses, palms, and a majestic grandmother live oak for beauty and shade.

We aim at making your event space magical. Our reception area sits with a magnificent view, an open sky, singing birds by day and twinkling stars by night. This 30' x 50' outdoor reception area provides a beautiful 16' x 20' composite dance floor, surrounded by natural wood bark, accommodating approximately 150 people. For a more formal, sit-down dinner, a food staging area is provided for caterers to deliver their best presentation.

With surrounding mountain ridges, palms, magnificent varieties of fruit trees and flowers, Photographers are in heaven with all the natural backdrops available to them.
