

Nobels
Community Partner Program
Enrollment Packet

Mission statement

"At Nobels, our dedication to supporting local initiatives drives our Community Partnership Program. We are excited to contribute 15% of our net sales on designated nights from 7-11 pm to benefit various local causes, including 501c3 non-profits, school groups, children's sports teams, religious organizations, scholarship funds, and government organizations, among others.

To ensure that your chosen organization receives the donation, kindly mention them when you dine with us on the specified night allocated to support that particular cause. Your participation and support during these dedicated evenings directly impact and empower the cause you care about most.

Let's dine with purpose and make a tangible difference in our community. Join us on designated nights, mention the organization you're supporting, and let's create a stronger, more supportive community together."

Rules of Engagement

- Organizations must complete an enrollment packet. We will assign the night and communicate back to the organization so they can promote it. Note, more than one organization may participate on any single night. There is a maximum of 4 nights per month for any organization
- Eligible orders must be seated, or online order placed after 7:00 pm. Both in house and online orders can benefit an organization. Diners must mention the organization and/or code. No codes can be added to an order after that day has passed. Customers are responsible to ensure promotion code shows on ticket to verify the promotion, and codes cannot be adjusted retroactively after the day of order.
- Organizations are allowed to "work the room" and ask diners to mention their group on their order.
- We recommend each organization promote their designated night to increase participation, but promotion is not required
- Organizations' enrollment packet must contain the following information:
 - Name of organization, mailing address, parent organization (if applicable), two contact names/email/address/phone, name for distribution check pay to organization (not an individual), tax id, tax form if non-profit organization, preferred distribution threshold (\$100, \$250, \$500)
- Donations of 15% will be based upon net sales, not including sales tax or gratuity/service charge.

Nobels
Community Partner Program
Enrollment Packet

- Payouts will occur at the specified threshold for that organization, which is either \$100, \$250, \$500. Payout may be requested at other times, with a 10 day lead time. Social media photos and posts will be made at payout. Nobels will submit a press release to Carthage Courier and Smith County Insider at distribution, but it is up to those businesses if they publish or not.
- A monthly report will be emailed by the 10th of each month to each registered partner organization detailing the previous calendar month's activity.

Gift Card Eligibility

Community partner organizations can also sell Nobels gift cards and receive a donation of 15% of card value. Organization would collect cash or check written to Nobels with an accompanying order form and we will activate the gift card and return to the partner organization for distribution or hold at the restaurant under the purchaser's name for pickup.
