Grapeful - Tradition, a Family Recipe, and Generational Dedication

From the foothills of the mediterranean Mount Hermon in Lebanon, one tradition survived time and has continuously served to enrich this community and its people. For centuries the village of Rashaya and surrounding areas have been known for their successful grape growing industry.

The Kadamani family developed a unique recipe of grape syrup - a generational secret that was passed from their great grandfather. His love for the vines and its offerings inspired him to produce this sweet creation and his recipe and devotion have spanned across four generations of our family.

“We will only offer people what we eat at our table, and that is only the best that nature offers.”

Bahaa Kadamani, CEO

Authentic. Wholesome. Orchard-to-bar.

The Kadamani family launched «Grapeful» as a brand that innovates exclusive recipes starting with the original grape syrup. We have added new methods of production and a selection of healthy ingredients native to the Mediterranean region: grapes, chickpeas, tahini, carob, cardamom and nuts. **Grapeful now boasts a line of all-natural sweet syrups and spreads in addition to an exclusive family of Grapeful Hummus Bars, Two-Ingredient Bars, Energy Bars and Protein Bars** that provide delicious healthy options for you and your family.

GRAPE SOURCING & COMMUNITY SUPPORT

A major characteristic that has not changed with modernity is the sense of community as one of the core values embodied by the family business. The Kadamani family is proud to support more than 250 local growers whose grapes make their way to our presses each year. The use of locally grown grapes from growers who share our values not only helps the growers, but also assures that all grapes used in production are naturally grown and non-modified varieties.

This sense of community awareness also expresses itself in many other ways throughout the summer with the creation of community activities and events which bring visitors to the area during the production season, supporting local businesses in general.
