

Frequently Asked Questions

1. How do I find a balloon decorator in my city?

Answer: Click on the **State Directory** from the main menu and then click on your **state**. Each state page features a curated list of local professionals, and their contact details for easy reference.

2. Is there a fee to join the 4mygala directory?

Answer: Currently, basic business listings are **100% free** for professional balloon decorators. We want to build the most comprehensive network in the country to help event planners find the best talent.

3. Does 4mygala sell balloons or decor directly?

Answer: No, we are a **national directory** that connects you with independent local artists. (But we do have an "ORDER BALLOONS HERE" section that links you to our sponsor www.Balloonstomorrow.com website). To book a service or get a quote, please contact the decorator listed for your area directly using the information on their profile.

4. I am a decorator; how long does it take to see my listing?

Answer: Once you submit the "Join Now" form, our team reviews your information for accuracy. Most listings are live within **24–48 hours**. You will receive an email once your business is added to your state page.

5. Question: Can I list my business in multiple states?

Answer: To ensure accuracy for our users, businesses should typically be listed only in the states where they physically provide services. However, we understand that many decorators serve "border regions" (such as the Quad Cities in Iowa/Illinois or the Tri-State area). If you serve multiple states or have physical locations in different regions, please mention this in the "Comments" section of your signup form or send us a special request. We are happy to accommodate multiple listings for verified service areas.
