**SUBJECT: DCE PROGRAM LETTER**

To Whom It May Concern:

The Centers for Medicare and Medicaid Services (CMS) introduced a new program administered through Direct Contracting Entities (DCEs) to allow care providers to receive enhanced payments monthly for their Medicare Beneficiaries.

Advanced Value Care II (AVCII) was selected by CMS to participate in this program beginning January 1, 2022. Beginning January 1, 2022, DCE participating providers will continue to submit claims to CMS and will be compensated by Advanced Value Care II per the agreed upon reimbursement terms. AVCII has contracted with PrecisionVBM to bring the program to you.

Providers are compensated on a Hybrid Enhanced Fee-for-Service compensation. Once enrolled, continue to provide services for all your Medicare beneficiaries and submit for payment the same way as you have been. You will be paid directly from the DCE once the program starts on January 1, 2022.

- Hybrid Eligible Provider Compensation
  - Monthly Capitated Coordination Payment not to exceed \$30 per Medicare Beneficiary per Month
  - In addition to monthly capitated Care Coordination Payment, 100% of applicable Medicare fee Schedule
