OUR STORY

Planet Vegan Foods founder Cindy Hopper started working for a pizza shop in 1977 at the age of 16. At 21, she became co-owner of Franks Old Fashioned Pizzeria and Italian Restaurant in Somerset, PA. They successfully created recipes and manufactured products for retail.

In 1997 Cindy left the restaurant industry to start **Hemp Sisters, Inc.** after inventing the “Original Hemp Jewelry Board.” The online retail store offered the largest selection of hemp and other natural fiber products on the web. Cindy opened several small retail stores in Somerset and designed the “**Hemp Hut**” kiosk for the Galleria Mall in Johnstown, PA. The Hemp Sister’s 10 x 20 *portable* “**Hemp Hut**” Store was a regular at the Somerfest and Seven Springs Ski Resort and carried all the latest trendy hemp products. In 2003, Hemp Sisters received the **HIA FIVE YEARS IN HEMP** award by the Hemp Industries Association .

In 2013 Cindy started developing a line of hemp foods and trademarked menu items. She launched the Hemp Dog® Cart in Richmond, VA on June 8, 2014 and made the national news! Hear what people said about the Hemp Dog® at the launch ...

WHY HEMP?

Hemp seeds contain all the essential fatty acids (EFAs or Omegas) and the essential amino acids necessary for human health. Just one handful of hempseed meets the body's daily requirements for *both* EFAs and protein.

There is no other natural source of both **complete protein and correctly balanced essential fatty acids** and hemp is considered to be one of the *healthiest* food sources on the planet.

Our hemp-based matrix is uniquely positioned to satisfy the growing demand for nutrient dense, plant-based food and delivers the nutrition plant based consumers are looking for, omega 3/6 ratio, high concentration of complete protein.

- 60% Omega 6 (linoleic acid)
- 20% Omega 3 (alpha-linolenic acid)
- 2 – 5% Super Omega 6 (gamma-linolenic acid)
- 9% Omega 9 (oleic acid)
- Antioxidant Alpha and Gamma Tocopherols (vitamin E) to protect and shield the EFAs before and while they work.

Marketing Advantages

Industrial hemp can now be grown again in the US. Our revolutionary line of hemp based products will be riding **a gigantic wave** of positive hemp press!

Trends are changing in the world of food and more people are choosing plant-based products. Our groundbreaking healthy vegan hemp food and menu items appeal to health conscious people as well as attracting a younger clientele who care about the environment and climate change.
