Mission

Create thoughtful, innovative early learning solutions, fueled by research, so that every child is prepared for success in school.

How do we get there?

Technology, when it's done right, can make a remarkable impact in early childhood.

Pegasus -
a brand new web-based solution that will launch in July

Pegasus Positioning

Built for classroom use, Pegasus is an intuitive web-based solution that ensures high-quality experiences for young learners while saving teachers and administrators time and effort.

It does this by focusing on scaffolding and differentiated learning for individualized instruction; blending ongoing, authentic assessment in all areas of development and learning and measuring knowledge and skills that have been proven to be important for kindergarten readiness.

Pegasus - Benefits

1. Increases the likelihood of kindergarten readiness and success in young learners through creative & engaging learning experiences

2. Increases Teacher effectiveness & productivity by removing redundant work

3. Saves Teacher and Admin time by providing visual dashboards for viewing student and classroom progress
