Objective

To have the Teacher create his/her password and complete all setup tasks necessary for the organization to use Ignite.

Trigger	The Teacher’s account is created by Organization Administrator	
Recipient	Teacher	
Subject	Your password to Ignite by Hatch	
Body	<p>Welcome to Ignite!</p> <p>Your school has unleashed the power of Ignite, a dynamic new adaptive learning platform that will help you save time, engage children, assess skills, customize lesson plans, and provide individualized learning experiences that prepare children for kindergarten. Sounds good, right? Just wait ‘til you try it!</p> <p>To launch Ignite, you will first need to sign in using this temporary password:</p> <p>[password]¹</p> <p><i>Psst! You can change this once you log in.</i></p> <p>Don’t stop there! Before you can fully Ignite learning in your classroom, you need to complete a setup process. For that you will need to:</p> <ol style="list-style-type: none"> 1. Enter class information, including name, size, and curriculum of your class(es). 2. Enter child information, including first and last name, birthday, gender, ethnicity, and parent contact information (first and last names, email addresses, and mobile phone numbers) for each child. 3. Sign up for free professional development. Learn how to get the most out of Ignite in an online training session. <p style="text-align: center;">Button {Let’s Get Started!}²</p>	<p>¹Generated content = temporary password</p> <p>²Link = tracking link to temporary password login screen</p>
