*"For the first time ever, I left the country and went to South Korea. While abroad I was exposed to their intense work ethic, cultural differences, and the real relationship between North and South Korea. I got opportunities to hear what life is like in Korea from local university students. They tell it how it is. If I can sum it up into one sentence...*

***The people of Korea are completely different and yet the same as me.***

*I would love to go back and am extremely thankful I got the opportunity to go."*

***Thank you all so much WHOH for helping me to fund my Clemson education!!***

## JUVENILE JUSTICE MINISTRY – COASTAL EVALUATION CENTER

**We're currently visiting the Coastal Evaluation Center (CEC) in Ridgeville SC twice a month. We serve two groups of 8-10 teens each visit. The discussion lesson for this visit was "God has a plan for your growth."**

Here's some of the notes the teens shared with us at the end of the lesson:

*I want to blossom. The Process (steps you must take) is Necessary. Speak life over people not death. Catch good and bad opportunity's & learn from them & teach what you learn. Anonymous*

*It is important to believe in God from your heart. The mind will tell you anything and try to keep you distracted from God's plan. We must make a choice between distractions and salvation. Capture the good with a teachable spirit. God made us. He made beauty in all our images. No matter what size of shape of blossom you are, God is only good. Ask God to help you rest. Just because you are comfortable doesn't make it right. God will speak in the still. Choose life. With God there's life and love. B.*

*God's love is unconditional once you accept the God connection your life will never be the same! But God will help us when the distractions come with strategy to overcome the devil. Take baby steps. Speak life not death to people. God is amazing!!! M*

*You have to be quiet and still to hear God's voice like when Elijah was hiding in the cave. Anonymous*
