2018 – 2019 Winter Training Program

THE COURTS Volleyball Club (VBC) was principally established for athletes, ages 8 thru 15, who:

- Want to transition from recreational to competitive volleyball and need more fundamental skills training;
- Tried out for a competitive junior volleyball “club”, but do not make a team; or
- May be involved in other sports or activities and who want quality fundamental training to improve their individual skills and understanding of competitive team system volleyball, so they can compete for a position on their school teams.

The Courts VBC's focus is individual fundamental skill (with emphasis on serving and passing) and team system development. Our training is designed to go beyond teaching just “ball” skills. Players will also be trained on mentally processing the seeing, thinking, decision-making and movement dynamics (“on-ball” and “off-ball”) associated with playing team system volleyball. In **Sessions I** and **II**, players will train in groups sorted by ability. The training focus of groups will be developing proper individual fundamental skills, mechanics, footwork and team play system basics. In **Session III**, players will be trained as a team. The focus will be to prepare teams to compete through practice, organized scrimmages.
