

# COVID-19 – STAY ALERT!

## What WE are doing to protect YOU

- We carry out a Risk Assessment before you arrive
- We disinfect the treatment room and reception area with Ultraviolet light
- We wipe clean all equipment with disinfectant
- We launder all towels etc
- We sterilise the atmosphere continuously with diffused Hypochlorous Acid\*
- We use screens and 2m distancing wherever possible.
- We wear appropriate Personal Protective Equipment throughout
- We take your temperature on arrival

## What we ask YOU to do

- Please come alone
- Please sanitise your hands and walk on a sterilising mat on arrival
- Please wear a mask at all times  
(We can provide)
- Please maintain 2m distancing whenever possible
- Please sneeze or cough into your elbow
- Please pay by Card or Bank Transfer

\* Hypochlorous Acid (HOCL )is electrolysed salt and water which has is approved by the Japanese Dental Association for the control of viral infection in a clinical setting
