

DEAR PROSPECTIVE FAMILIES,

THANK YOU FOR YOUR INTEREST IN ACADEMY FOR EARLY LEARNING (AEL)

Welcome to AEL! We are thrilled to have the opportunity to partner with you in your child's early education journey. At AEL, we understand the significance of early childhood education as the foundation for lifelong learning and development. It is during these formative years that children begin to explore, grow, and lay the groundwork for future academic and personal success.

Our center is proud to serve families with children from as young as 6 weeks old through pre-kindergarten. We currently operate from 7:30 AM to 5:00 PM, with plans to extend our hours to better accommodate your busy schedules.

We are proud to be a NAEYC-accredited and Keystone Star 4 center, reflecting our commitment to the highest standards of early childhood education. Our dedicated teachers love what they do, bringing passion and expertise to their work every day to create a nurturing and inspiring environment for your child.

We pride ourselves on being a family-oriented center, where every child is cherished, and every family is valued. Excellence is our standard, and we are committed to fostering an environment where children can thrive in all aspects of their development. Our approach is intentional and holistic, focusing on the growth and development of young scholars—physically, mentally, culturally, emotionally, and socially. Every moment is a teachable moment.

In addition to nurturing cognitive and emotional growth, we emphasize the development of fine and gross motor skills, problem-solving abilities, and effective communication. Through engaging activities, thoughtful curriculum, and caring interactions, we aim to inspire a love of learning that will last a lifetime. We are excited about the possibility of partnering with your family and look forward to answering any questions you may have about our program. Together, we can ensure your child's early years are filled with joy, discovery, and a strong foundation for future success.
