Jan 11 2023 White Pine County Commission and Fire Commission pt 3

The explanation about Mr. George Chachas's improper appointment to another commission is discussed from 0.00-6:35 minutes into the video. This is a man with a known history of ethical concerns in the offices he's held in the past. Wheable and Beecher's desire to abolish this commission altogether is also discussed here.

Also see:

- **EXHIBIT 1.R The Nevada State Commission on Ethics regarding this man Mr. George Chachas.**
- **EXHIBIT 1.W Proposal to Dissolve Regional Planning Commision by Mr. Wheable**

Commissioner Howe expresses his deep disdain regarding the actions taken by these two men, to have appointed a person of interest to another commission behind closed doors within just days of proposing to abolish it. Howe's prime concern is that this was a deliberate act to EXCLUDE the members from the selective process; in violation of open meeting law [NRS 241]. It's important to highlight that Wheable's excuse for rushing this improper appoinment against proper procedure due to thier "duty to appoint someone" is null and void, as this commission was not lacking a quorum in lieu of this improper assignment.
