

having me do a voice job because he wanted to get me back to Chicago....When I came to Chicago, at Gordon's invitation, Gordon had me stay with him in his apartment. He had only one bed, a double bed. I slept in the same bed with Gordon every time."

A 24, 13. Scott Swofford. "Probably in 1983 Gordon told us in the creative department that evil spirits had been doing destructive things at his house or causing people to break in and vandalize his house. Gordon told us that Elder Packard had given him a wonderful blessing and suggested that another priesthood holder should stay in his home with him for a period of time. The creative team consisted of me, Michael McLean, James Gartner, Curt Dahl, and Kevin Kelly. 14. Gordon wanted us to rotate schedules and spend the night with him so one person was always with him at night. I believe I was the first person in the rotation...Gordon showed me sheets that had been cut and clothing in a closet that had been torn. Gordon told me evil spirits had done these things. And Gordon told me that he was scared. 15. ...I expected to sleep on the couch or in a sleeping bag. We got ready for bed in the same room and we were in our under clothes. Gordon wanted to have a prayer so we knelt down in our underclothes. Gordon knelt down so close to me...it caused me to be uncomfortable. 16. I told Gordon the mattress was fine for me. Gordon told me to take the bed and that he would take the mattress. Gordon then said that we could both share the bed and that it was no big deal. I said no, and that I was good on the mattress...17. From that time forward I have been convinced Gordon is homosexual. It was clear that the damage had been done to his sheets and clothing...As I do not believe it was done by evil spirits as Gordon claimed, this left the possibility that Gordon had done it to facilitate getting us to stay overnight in his house and possibly get in bed with him. ...And I doubt that Elder Packer...gave him any such blessing." 19. Thereafter Gordon bought me expensive dinners and asked me to stay overnight on at least two additional occasions for his protection."

A24, 20. Scott Swofford. Another weird situation that stands out in my mind had to do with our filming "The Last Leaf" in Chicago in 1983. 22. When we arrived Gordon wanted to stay with me in my room. Gordon kept insisting and said that it would help save Bonneville money."

2) Sexual Abuse

A 5, 3. Ken Kenitzer. "I met Gordon for the first time in 1995 in New York City. I attended the wedding, the reception, and accepted Gordon's invitation to fly to New York with the family (Adam, Collin and Eric included) for Gordon and Barbara's honeymoon.

18. "On a number of nights that I stayed at the apartment on 83rd and 3rd, Gordon found a reason to sleep with me in the same bed."

18. "During July of 1996, I experienced a very emotional low point which Gordon utilized to introduce me to the kind of callous and unfeeling predator that he really is." 22. As I lay in my bed, Gordon began to massage my back and neck...I really wanted to fall asleep because I viewed sleep as the next best alternative to being dead...23. ...I drifted in and out of sleep...I became immediately and silently awake and aware when Gordon's hand came to rest on my chest...Gordon was pressed up against me...Gordon's hand slid down to my abdomen and pushing his fingers underneath the elastic band of my underwear, he slowly inched his finger down into my pubic hair between the top of my pubic bone and base of my penis. 24. ...As Gordon shifted his hand to cup around the shaft and the head of my penis, the realization of what was actually happening hit with unbelievable force. 27. There is something fundamentally wrong when Gordon can sexually molest a young person he says he loves as a son...The fact that his stepsons (who were teenagers at the time) were in the same apartment while he sexually abused me did not deter him from seizing what should have been an opportunity to be kind and comforting, and turn it into an opportunity for sexual conquest. 25. I...have worked through tremendous emotional anguish to overcome the anger, the hate, the rage, the powerlessness, the self-rejection, the victimization, and the decimated self-esteem which were Gordon's aftermath."

A. 23, 6. Adrian Pulfer. "I think it was within two years of my wife's death in 1985 that I found myself in a very uncomfortable and awkward sexual situation with Gordon. I was self-employed at the time and had gone back to New York for some purpose that I don't presently recall. Gordon invited me to stay in his apartment with him. At that time I had a friendship with Gordon and not a professional relationship. I had stayed with him on several occasions when traveling to New York on business. On one occasion, and I don't remember the address of the apartment, it necessitated me sharing the same king size bed with Gordon due to the fact that he was in a single bedroom apartment. During the night Gordon reached his arm over my body and attempted to fondle my genitals. I was groggy from sleep and I just pushed him away. Later he did this a second time and I was more forceful. It was very embarrassing to me so I did not even discuss it with him at the time or at any other time. It was clear this was intentional on his part as he had to reach across my body to do it. This was the only time Gordon made any sexual advances toward me."

28. "The year Gordon married Barbara (1995) and before their marriage, I received a telephone call from Gordon at my Salt Lake residence. Gordon was quiet and subdued and in a trembling voice Gordon said he needed my permission and forgiveness in order to marry Barbara...At that time I assumed Gordon was referring to the time he attempted to fondle me or to the times he deceived me in business and took advantage of me."

A.3, 54. Collin Timothy. "When Gordon had me travel with him or live with him, like summer 2000, when I worked in Boston for his company, UPromise, he always insisted that I sleep in the same bed with him. At times, I would protest and try to call the front desk to ask for an extra bed. He would fume and furiously grab the phone from me and explain to the hotel that an extra bed wouldn't be necessary. This was his pattern throughout my experience with him, always trying to manipulate me. This wasn't just once or twice that he demanded I share a small twin size bed with him, but more like 30 times. On a trip to St. Johns in the spring of 1999, I ended up sleeping in the same bed with Gordon. I don't remember how he made this odd arrangement on this family vacation, but I was once again sleeping with Gordon. During the night, I remember Gordon moving in on me, slipping his hand in my shorts and fondling my genitals. When I woke up and realized what was happening, I moved away, clung to the side of the bed, sick and horrified, and told myself to go to back to sleep. This is the most vivid memory I have of Gordon's sexual abuse when he insisted I share a bed with him, but there are many other times I believe he may have tried the same abuse, always when I was asleep, unable to defend myself."

AFFIDAVIT SELECTIONS

1) Predatory sexual behaviors

A 13, 5. Jim Bogner. "Gordon had an excuse as to why he couldn't go back to his house outside the city. Instead of getting his own hotel room he wanted to stay with me. 10. Gordon made some comment about how he was alone too and then he put his hand on my knee. This made me uncomfortable and I commented to Gordon that it would not be him that I wanted to be with that night. I felt it was a blatant homosexual advance and very inappropriate behavior..."

A 13, 13. Jim Bogner. "Augustan Burrows was known as a gay man who was employed at Ogilvy with us in Gordon's group. Augustan called me at home one evening rather upset. He explained that he was concerned with Gordon's frequent invitations for him to come to his home to read the scriptures. Augustan told me he believed this was a ploy for Gordon to get intimate with him. He said he did not want to be involved with Gordon and felt he was manipulating him by using the Church and spiritual discussions. He was nervous and unsure about how to handle the situation because Gordon was his boss, he was very young and this was his first job as a writer."

A 16, 9. Kevin Kelly. "My first sexually abusive encounter with Gordon... I was asked to share a king size bed with Gordon... I didn't mind until he tried to snuggle up against me one night. I pushed him away, but he didn't wake up. It was creepy. When he tried it again, I pushed him away again. Still he didn't respond and I edged closer to my side of the bed. 10. Looking back is painful—painful to think that this man that I thought was my friend really had designs to bring me into his evil web of immorality and homosexual behavior. 14. If Gordon could treat someone like me this way, someone who was a considered a true and devoted friend, I can imagine the he may well have designs on others. And I fear that those designs could target other unsuspecting young men. My present concern is that Gordon could exploit his own stepsons. When I was a bishop if Gordon had been a member of my congregation I would have considered him to be a predator—a wolf among the lambs. If Gordon could go after his best friend he could certainly go after Barbara's boys. It's also chilling to consider that Gordon's own children may be in jeopardy."

A16, 11. Kevin Kelly. "Later, probably in 1988, on a business trip when we were in Europe, Jim Bogner, a colleague, warned me that Gordon was in love with me...but this seemed impossible. On this trip Gordon mentioned that there was something wrong with his hotel room and because I had two single beds in my room asked if he could share my room. I said fine. But I remember coming in from the shower one day and finding that Gordon had pushed the single beds together." ✓✓

A14, 11. Stan Ferguson. "Gordon claimed to be fearful of evil spirits in his new home. Gordon would sometimes call one of the male employees and ask him to stay overnight in his home. Fortunately, I was not one of those. On several occasions various Bonneville staff member would get together as a group and discuss the previous night's sleep-over with Gordon."

A17, 36. Khaliel Kelly. "LDS Stake President Belnap of New York, New York Stake described to me how he watched Gordon from the stand as Gordon walked up one aisle and down the other before a Sacrament Meeting during Sunday services. He said he felt that Gordon was on the prowl and so he called Gordon into his office where he warned Gordon to stay away from the members of his congregation."

A16, 12. "Gordon asked if I'd like to meet David Ogilvy at his estate two hours south of Paris... When David asked us if we'd like wanted to swim in his beautiful outdoor pool and I jumped up to change into my swimsuit I was surprised to see Gordon suddenly in the dressing room changing with me. It was spooky. 13. After leaving Mr. Ogilvy's Gordon had the opportunity to book a hotel for us. I was surprised to find that he booked only one room for the two of us. When I questioned him, Gordon claimed he was trying to cut back on expenses...it's clear to me that all of Gordon's little advances can only lead to one conclusion—Gordon was trying to lure me into some kind of sexual perversion with him."

A 18, 27. Mark Kramer. "There were times when he got closer to me than I wanted. Dozens of times Gordon said to me, 'You are so good looking.' Once I was lying on my bed watching television in my bedroom with the door open, and Gordon came in and laid down on my bed with me and said he wanted to 'break down my barriers...Mark I don't really know who you are.'"

A 19, 15. Michael McLean. "Gordon offered to let me shower and change at his apartment at Central Park West after the all night flight. Gordon went to great lengths to explain to me that he was sorry he would not be in the apartment when I arrived but that he would leave instructions with the door man for me...the door man gave me a note from Gordon, along with a key. The note told me, again, that he was at his office and would meet me there. He also told me what shower I was to use...15. I proceeded to take a shower...As I stepped out of the shower and before I had a chance to dress, suddenly Gordon walked into the bathroom in his underclothes. I screamed as it scared the heck out of me. Gordon put on an act like he had been sleeping and was not fully awake. Gordon's act was clearly a sham. It was clear Gordon had deceived me and set up this encounter. 16. A few minutes later as I was dressed and went out to wait for him in his living room, Gordon was kneeling in prayer with his scriptures open. Once again, I guess I was supposed to see what a deeply spiritual Christ-like man he was. Praying, with his door half opened so he would clearly be seen. It was classic Bowen; Creepy, weird, and embarrassing."

A. 22, 11. Brad Nygren. "He told me he had been choked by an unseen evil presence. At his request I stayed overnight with Gordon possibly a half dozen times at his house...He only had one bed in the basement and he always wanted me to sleep in that bed with him, which I did. Gordon always wanted to sleep closer than was comfortable to me. 17. I began to become increasingly uncomfortable with Gordon and I had to consider that Gordon might have a romantic interest in me."

A22, 19. Brad Nygren. "Gordon repeatedly invited me to come to Chicago to do voice work...One or two of the trips were not legitimate work for J. Walter Thompson...I later found out ... his agency had not really hired me. I learned Gordon had just faked

Sexual Abuse

A 5, 3. Ken Kenitzer. "I met Gordon for the first time in 1995 in New York City. I attended the wedding, the reception, and accepted Gordon's invitation to fly to New York with the family (Adam, Collin and Eric included) for Gordon and Barbara's honeymoon."

18. "On a number of nights that I stayed at the apartment on 83rd and 3rd, Gordon found a reason to sleep with me in the same bed." 18. "During July of 1996, I experienced a very emotional low point which Gordon utilized to introduce me to the kind of callous and unfeeling predator that he really is." 22. As I lay in my bed, Gordon began to massage my back and neck... I really wanted to fall asleep because I viewed sleep as the next best alternative to being dead... 23. ...I drifted in and out of sleep... I became immediately and silently awake and aware when Gordon's hand came to rest on my chest... Gordon was pressed up against me... Gordon's hand slid down to my abdomen and pushing his fingers underneath the elastic band of my underwear, he slowly inched his finger down into my pubic hair between the top of my pubic bone and base of my penis. 24. ...As Gordon shifted his hand to cup around the shaft and the head of my penis, the realization of what was actually happening hit with unbelievable force. 27. Gordon was quiet and subdued and in a trembling voice Gordon said he needed my permission and forgiveness in order to marry Barbara...At that time I assumed Gordon was referring to the time he attempted to fondle me or to the times he deceived me in business and took advantage of me."

Steve Wunderli refers to the above in his affidavit: A45, 3. "I believe it was the second time Adrian and I stayed in Gordon's apartment that I was a witness to some extraordinary things. I recall there were three bedrooms, or two bedrooms with a couch. When I was tired I retired to one of the bedrooms. Adrian and Gordon continued talking while I went to bed. They retired after I did. The following morning as I was getting dressed I looked into the bedroom where Adrian had been sleeping. I saw Adrian curled up on one edge of the bed with Gordon on the other side of the bed. We made eye contact as Adrian was lying on the bed. Adrian was visibly upset and angry. 4. Later when Adrian and I were in a cab, I asked Adrian why he had been upset. Adrian told me that after he had fallen asleep, Gordon climbed in bed with him in the middle of the night. This woke up Adrian. Adrian told me Gordon said something to him about Gordon not being able to sleep well as an excuse for getting in bed with Adrian. Gordon had been sleeping on the couch or something. I seem to recall there was a third bedroom with a bed that went unused. This second time we stayed with Gordon we just came and left. Gordon acted with Adrian like he was a lover scorned. 5. Subsequently Adrian told me Gordon had made sexual advances towards Adrian while they were in the same bed."

A3, 54. Collin Timothy. "When Gordon had me travel with him or live with him, like summer 2000, when I worked in Boston for his company, UPromise, he always insisted that I sleep in the same bed with him. At times, I would protest and try to call the front desk to ask for an extra bed. He would fume and furiously grab the phone from me and explain to the hotel that an extra bed wouldn't be necessary. And, of course, Lily's statement to Haydee Mas, made during a December 2007 session: Lily expressed to me on several different occasions that she does not want to go with her father on visitation. She has stated different reasons which have included "I don't like his new house, not fun things there, and he's scary." When I questioned her about what made him scary, she replied "when he puts my brother and I on his car and drives and when he grabs between my legs, his finger hurts when in my bum hole and his face is scary."

2. David Hamblin and Kisi Watkins

As I said previously, this is a very sensitive area since, at Kisi and David's recommendation, a) I attended 3 Indian ceremonies (Indian medicine given which was a form of peyote) and I would not like this to come out, and b) Kisi was a long-time friend. I've spoken to her only a few times in the past 5 years, but she is a wonderful person, easily deceived by the likes of a Gordon Bowen or David Hamblin.

I spoke with David Hamblin's former wife, Rosie Hamblin, who is looking for pictures. (As a note, in 2003 I hired Rosie's former divorce attorney, Russ Hettinger, because of his knowledge of David Hamblin. Russ was to help my attorney, Rick Green. I had Russ for 4 years until he basically could not be found. Rosie told me today that he has been disbarred. Her father called the sheriff's department and found out that Russ was arrested on drug charges. This is disheartening to me because he was a great man, former bishop, but it explains why my case did not move for 4 years.

Rosie said that David has basically become an Indian medicine man, with long hair etc. He writes for a web site: Oehklava (sp) Earthwalks Native American Church. He did write a "book" at the time of his divorce trial which basically worked against him. Rosie said that he now writes articles that can be found in the Deseret News or the Provo Herald Extra website. For a while he was not practicing when his group, headed by James (Warren Flaming Eagle) Mooney was being prosecuted by using peyote in his church. I saw an article a few months ago which I believe said he had been acquitted.

Years ago, Rosie said that Rick and Linda Eyre interviewed David on the BYU Channel.

Rosie Hamblin's number is: 801-221-7673 She works each day at a local Radio Station until about 3:00 p.m.

I am really concerned about contacting Kisi. She would also go to Gordon, and I don't want to hurt or implicate her. David should be the main focus. Please let me know.

3. Forged Signature

In Vol. II of Vol. I and Vol. II for DCFS (cover letter begins, Dear David) Item 28 is a letter from Virginia S. Smith, Vice President and Legal Counsel in which she refers to the discovery that "it was discovered that the signature of Barbara Timothy Bowen on the Second Trust Deed was forged by Mr. Bowen." The date he did this was June 21, 2002, and I did not file for divorce until July 2003, so I guess the argument could be made that we were still married, but it is still a forgery. Matt will send over a copy of the document and an example of my real signature.

Affidavit of Heidi Ehlers

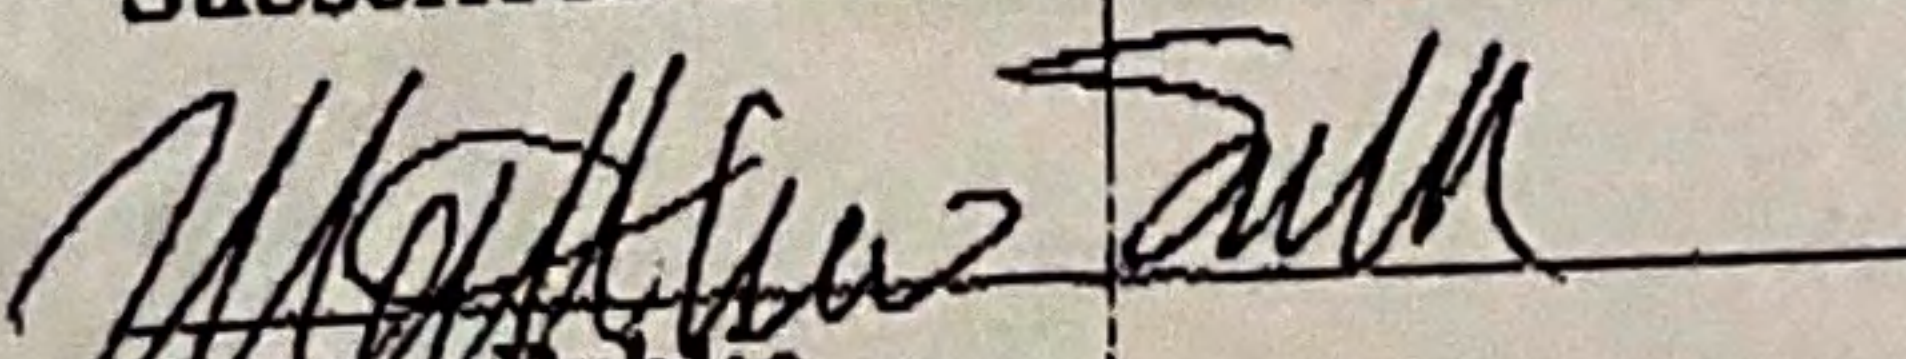

I, Heidi Ehlers, having been first duly sworn, I hereby depose and say that I am a citizen of the United States and a resident of the State of Utah. I am over 18 years of age. I currently reside at 5076 South 2100 East, Holladay, Utah 84117. I have lived at this same location for three years.

1. I am the business owner of Rhino Wholesale Inc. I live two houses away from Barbara Timothy Bowen. Barbara and I are neighbors, friends, and attend church together.
2. My daughter Aspen and Barbara's daughter Lilly play together. Both of them are seven years old. Although our daughters are in the same grade they are not in the same class. They both attend Cottonwood Elementary which is about a six minute drive from our residences.
3. Aspen and Lilly were in kindergarten together for a year until two years ago. They are in soccer together as of a month ago. They were in dance together last year. And they were in ice skating together this past spring. Aspen and Lilly play together regularly and up until recently Lilly was in my home once or twice a week.
4. Six or seven weeks ago when Aspen was getting undressed and was naked, she started showing me her bum and wiggling it around. I asked her why she was doing that. Aspen said this was what Lilly did. I asked her for the details. Aspen then described to me how on three or four occasions Lilly took her into their bathroom and pulled down her pants and showed Aspen her vagina and anus. Aspen also said Lilly sometimes urinated in her backyard. Subsequently I grounded Aspen from playing with Lilly because Lilly had tantrums and Aspen started copying Lilly's tantrums. Lilly told Barbara that Aspen had been grounded from playing with her and Barbara called me and we talked about all of the inappropriate behaviors.
5. Within a week we held a meeting at my residence where we explained to the girls those things which were not appropriate behavior. In attendance were my husband Bret Ehlers, myself, Barbara, her daughter Lilly, her son Caleb, and our daughter Aspen. We continue to allow the girls to play together on a probationary basis contingent upon Aspen not throwing tantrums.

I am providing you with some of my observations and comments regarding the power point presentation. The focus of the power point presentation was to provide an outline of the evidence that Gordon Bowen is a pervert and dishonest and that he is a danger to the children.

First I am not aware of any documentation before the court that describes the statements of Dr. Mel Fish.

I have never seen anything that describes the sexual relationship between Barbara and Gordon. It would be embarrassing to Barbara but I think it is important.

I have reviewed my affidavits or other information regarding the following persons, most all of which have something significant to add that Gordon is either dishonest, manipulative, a pervert and/or sexual predator, or all of the above, or they have something significant to say regarding what a wonderful woman and mother Barbara has been and is. Many of these are very prominent people. Where you use them in your power point presentation I suggest you give their credentials, i.e. who they are professionally, how long and in what context they knew Gordon and Barbara, etc. I think it is significant that people speak so highly of Barbara as a mother and yet Gordon wants to take the children from her. That by itself demonstrates that Gordon is not acting in the best interests of the children and hence is a threat to them. This should be brought out that he wants to hurt the children by taking them from their wonderful and loving mother. Only a vicious, mean spirited, and perverted person would want to do such a thing! Gordon's attempt to take the children from Barbara could be his final undoing. **I THINK YOUR POWER POINT PRESENTATION SHOULD JUXTAPOSE WHAT PEOPLE SAY ABOUT BARBARA AGAINST WHAT THEY SAY ABOUT GORDON.** It should also be shown that some of these persons were close friends of Gordon's and they got wise and turned against him which reaffirms Barbara's actions in turning against him.

1. Stephen B. Allen: Former business associate: "I had been associated with Michael McLean and Jim Gartner for around six years up to that point. We were all about the same age. At one point I flew to New York City and Michael McLean and Jim Gartner were on the same plane. When we arrived at the airport I offered to share a cab with them. It was clear to me that they were not comfortable in doing so, but they relented. In our conversations we learned that Gordon was telling them negative things about our department while he was telling us negative things about them, and that Gordon was driving a wedge between us. Gordon had been successful in closing off our communications. This was a huge eye opener to all three of us. We learned that Gordon was a master manipulator and that he was dishonest." "Gordon was fired from his position at Bonneville Communications. I believe there were two main reasons for this. First Gordon was methodically eliminating people at Bonneville Communications and second Gordon was methodically eliminating people on the Missionary Department side. Gordon was able to convince Dick Alsop, president of Bonneville Communications to support Gordon in his presentations to the LDS Church leaders, at least for a while."

2. James Alan Bogner: "On one occasion, before I moved my family to Connecticut, I came to New York City and was staying in a hotel. Gordon had an excuse as to why he couldn't go back to his house outside the city. Instead of getting his own hotel room he wanted to stay with me. I thought this was very odd because he didn't know what the bed situation was and he barely knew me at that point. Fortunately, my hotel room had twin beds so, I said ok. Even though we each had our own separate bed it still felt a bit awkward to me." "Another strange situation occurred while on a trip to Europe, where we were filming. Gordon kept following Kevin Kelly around where ever he went. I finally said to Kevin, "Gordon acts as though he is infatuated with you. He won't leave you alone. He follows you everywhere like a little puppy dog." Having brought it to Kevin's attention he later agreed with me." "While at Ogilvy, Gordon, I and others would periodically go on production trips. It was rather bizarre that Gordon would just sleep while on location for a big part of the day. When we were filming in Paris along the riverbank of the Seine, Gordon showed up and slept all morning crunched up in a ball next to a garbage can. It strongly suggested Gordon had spent the night doing something else besides sleeping because the rest of us were rested. I felt that it was extremely unprofessional for someone in his position to behave and present himself in such an undignified manner." "On one occasion Gordon and I were driving to location for a shoot in Los Angeles. While in the car Gordon told me that he had burned his "dick" while he was ironing. He explained that he was naked while ironing and that the iron hit his penis. It seemed so odd because in my mind a person wouldn't normally be ironing in the nude. Further more, most people would find telling such a story to be an embarrassment and not something to share." "Later in the conversation while still in the car, Gordon asked me what I was going to be doing that evening. I told him I was probably going to a movie by myself. Gordon made some comment about how he was alone too and then he put his hand on my knee. This made me feel very uncomfortable and I commented to Gordon that it would not be him that I wanted to be with that night. I felt it was a blatant homosexual advance and very inappropriate behavior on his part." "It was after I had expressed my feelings about the chair that Gordon then shared with me, in confidence, a horrific and tragic experience that he had as a child. He told me that he had been raped and sodomized by a man who was a friend of his father while his father looked on. I'm not sure why Gordon shared this information with me other than because I was being very truthful and honest about my feelings with him and he felt safe sharing it with me and wanted me to perhaps understand some of his behaviors." Plus other bizarre stories.

Friday night. Lily had a friend, Amanda Bywater, over for a sleep over. I was changing Caleb in his bedroom (he had pooped in his pants again) after which he stood up and said, "Touch my private part." I told him that was not appropriate for anyone to touch his private parts but himself. He then asked what his private parts were and I told him his penis and his bottom. I reminded him that his body is very special and that he is not to show his private parts to anyone or let them touch them.

Shortly after, he went in the hall, pulled down his pants and showed Lily and her friend his penis. I told him that was very wrong to do and reminded him that his body is sacred, that he was created by his Heavenly Father and that he should not be doing that. Amanda Bywater then told me that months ago, when she first started coming to our house, fall 2007, Caleb had pulled down his pants, showed them his penis and bottom and then proceeded to pee in two places in the house.

This coincides with the behavior Lily and Caleb were both displaying last summer and fall when Lily would pull down her pants and show her private parts to the neighbor girl (See affidavit of Heidi Ehlers) and Caleb kept saying to me, "Let me show you something," then pulling down his pants and showing me his bottom, thinking he was very funny. (Last night I reminded Lily of this behavior and she absolutely denied having ever done it even though she'd admitted it to Heidi and Brett Ehlers when we sat down and talked with them and their daughter, Aspen in October)

This also ties into the robber game in which Caleb admitted pulling down his pants and Lily initially admitted it then later denied it. (I am also reminded of the sexual game Gordon would play with two year old Lily, while he was naked, wearing only a bathrobe, he would have her go between his legs like he was a tunnel and then have her open her legs and pretend he was going through them.. My mother and I both observed this.)

When I first observed Caleb involved in this behavior, I asked Lily if he ever did it when he was with his dad. She said that she remembered him doing it at the hotel (prior to April 2007). I asked how her dad would respond and she said, "He would just say "oh, what a cute little bum."

All of this should have been investigated by DCFS. (Along with Lily's masturbating in school—which she reported to me she also did at her dad's house while thinking about him, her refusal to wear the panties that he had given her, and her dislike of having him insist on getting her dressed or watching her get dressed, and of course her statement about Gordon grabbing her between her legs). At this point, I think it is imperative that we:

- 1) Get the Haydee Mas notes on the robber game, April 7, 21? (I'm already forgetting the dates I told you) which should also include Lily saying she slept in the same bed?
- 2) Get the DCFS interview notes: David Goble's interview with Gordon and with witnesses so we can discredit the investigation and bring up the robber game as an example of child endangerment and sexual "play." (Let's not wait for a GAL. Let's start the process, even if we need to try to subpoena the notes. I realize there is a new directive on this if there is not a finding, but let's get going on it immediately, please.

I did wonder if utilization got stopped now I'm gone, chew her in hand. She had not enough evidence and she needs a new GAC & do it, as if way late 1-4 wks.

- 3) **Eric Timothy's affidavit.** I think it is important to continue to bring Eric and Collin into the picture as examples of Gordon's sexual predatory behavior. Eric's affidavit should mention Gordon hiding in the doorway of Eric's bedroom watching him masturbate and insisting that 14 year old Eric and his friend roll around together in the sprinklers with only their shorts on so he could take pictures of them, promising he could make them Abercrombie models etc.
- 4) **Mike Washburn—former CFO at Sundance (Now head of Thanksgiving Point)** said Gordon was fired for abusing the company credit card. In Bruce Bell's affidavit, A 12 in Vol. 1 of Vol. I and II given to DCFS, he says, 7. John and Jenny Otto, who live in Salt Lake City, have a daughter who worked at Sundance when Gordon was there many years ago. She is still employed at Sundance. John told me that Gordon was fired from Sundance. John told me that Gordon watched pornographic websites while employed at Sundance and the expense to Sundance led to the discovery and this led to his dismissal for abusing his money privilege." I've spoken with Mike Washburn in the past and tried to get him to write an affidavit. Shouldn't we pursue this or John and Jenny Otto's daughter, to establish the veracity of this statement which is similar to the pattern we believe is happening at McGarrybowen as Gordon has been given a filter on his computer and then gone to other employees computers to look at porn web sites?

When Gordon had his Church court, January 2003, Pres. Ellis Ivory had me write up a brief summary of Gordon's behavior as I'd researched it thus far. One of the categories was "suspicion of pedophilia." That night, when Gordon came back with Bishop Marc Pinnock and Pres. Ivory, to announce the determination of the counsel, Gordon later told me that the one thing that most upset him was that I'd written "suspicion of pedophilia." At that time, I had based it on reports such as the following:

- 1) **Michelle Avantario** (History of Aberrant Behavior, Item 1, Testimonies, no. 7 (Gordon's secretary at Ogilvy and Mather) (Victor Cline used part of her testimony in his evaluation)
 "I used to babysit Kevin and Khaliel's kids. One time I was to watch them for a week, but I had an overnight party, so Gordon offered to take the kids for a day and a night. When I told the children they were crying, 'Please don't leave us. Please don't let us near him. Please don't make us sleep with him.' It was about 14 years ago. They had six children, the oldest was Cameron at 12, then Lisa at 11, then Summer. The oldest one kept pleading the most to not make them go with Gordon.
 They had been left before, one time with Gordon, and the kids called in the middle of the night, hysterical, crying that they wanted to come home. So, I said I wouldn't go. Gordon really wanted to be with them and said he'd like to just spend the day. The children kept on pleading, 'Please don't make us go with him,' But Gordon was adamant and he kept pleading to let him take them to McDonald's. I finally told him that the three older kids could go if they sat in the back of the car, went through the drive through, never spoke one word to them, and was gone, not a single word. Years later, Khaliel asked me, 'Do you think he molested my children. We didn't know, but the children sensed he was past the appropriate boundaries. I think he had
