FUN & GAMES

ARIES (March 21 to April 19) That anxious feeling disappears with a reassuring gesture from a loved one. In addition, the weekend holds some pleasant surprises for the ever-adventurous Lamb.

TAURUS (April 20 to May 20) A planetary lineup creates unsteadiness both on the job and in your private life. Stay the course, and you'll soon ride out the worst of the unsettling effects.

GEMINI (May 21 to June 20) Leave nothing to chance. You need to get more involved in working out problems at home and on the job. Meanwhile, a Sagittarian offers romantic possibili-

ties. **CANCER (June 21 to July 22)** A new relationship suddenly presents unexpected problems. Clear up all misunderstandings now to avoid more serious situations later.

LEO (July 23 to August 22) This is a good time to act on long-delayed projects, both personal and professional. A new job prospect opens up some exciting possibili-

ties. Check it out. **VIRGO (August 23 to September 22)** Those on-the-job changes continue to bring new challenges. In your personal life, be more flexible in dealing with a loved one who needs your help.

LIBRA (September 23 to October 22) A personal problem creates some concern at first, but your prompt attention helps to get things sorted out. Family and friends

provide much-needed support.

SCORPIO (October 23 to November 21) A strong positive attitude helps disperse a cloud of negativism around you. A friend reaches out to offer loving support when you need it the most.

SAGITTARIUS (November 22 to December 21) A setback in an important relationship results from a misunderstanding. Forget the finger-pointing and take the first step to set things straight.

CAPRICORN (December 22 to January 19) Keep an open mind about changes in your personal life. What seems unacceptable at first might prove to be otherwise when more facts begin to emerge.

AQUARIUS (January 20 to February 18) It's a good time to start the healing process for bruised or broken relationships. There may be some resistance to a reconciliation, but don't give up.

PISCES (February 19 to March 20) During this period of change, the wise Pisces should avoid swimming in rough waters. Take time for things to settle before making a serious commitment.

BORN THIS WEEK: You are friendly and enjoy good company. You have a fine sense of business and are more likely than not to succeed at whatever you choose to do.
