FUN & GAMES

**ARIES (March 21 to April 19)**  
You'll soon have a chance to take a big step up from where you are to where you want to be. Check it out first. Remember: Even the Mountain Sheep looks before it leaps.  
**TAURUS (April 20 to May 20)**

This week brings a challenge that could determine the future direction of your life. If you're ready for a change, accept it with confidence. A loved one supports your decision.  
**GEMINI (May 21 to June 20)**  
A disruption creates a delay in

completing your projects. Use this time to pursue a personal matter you were too busy to deal with before. You'll find it will be time well spent.  
**CANCER (June 21 to July 22)**  
You still need to be on the alert for any signs of problems that

could create serious misunderstandings. A more positive aspect begins to emerge toward the week's end. Be patient.  
**LEO (July 23 to August 22)**  
With things slowing down a bit this week, it would be a good time for luxury-loving Leonines to go somewhere for some well-earned pampering. Things liven up around Friday.  
**VIRGO (August 23 to September 22)**  
Single Virgos looking for partners are finally getting a break from Venus, who has moved in to make things happen. Attached Virgos see their relationships blossom.

**LIBRA (September 23 to October 22)**  
You've been working hard to get things done. Now take a breather and recheck your next step. You might want to make some changes in view of the news that comes your way.  
**SCORPIO (October 23 to November 21)**  
The watchword for savvy Scorpios this week is "preparation." Consider sharpening your skills to make the most of the new opportunity you're about to take on.  
**SAGITTARIUS (November 22 to December 21)**  
There might still be some loose ends that need tucking up if you hope to

get that important relationship repaired. A new spurt of activity starts soon.  
**CAPRICORN (December 22 to January 19)**  
It's a good idea to keep the positive momentum going by finding and getting rid of anything that could cause you to stumble. Keep the path ahead clear and open.  
**AQUARIUS (January 20 to February 18)**  
A period of contemplation is advised before you make your next move. Be sure that where you decide to go is the right place for you. A health matter needs attention.  
**PISCES (February 19 to March 20)**  
That new energy surge that hit you last week continues to send out good vibrations. Try investing a part of it in creating something noteworthy on the job.  
**BORN THIS WEEK:** You like to balance your personal universe, and in doing so, you help bring harmony into the lives of the rest of us.
