# FUN & GAMES

**ARIES (March 21 to April 19)** Make a start on that new workplace challenge. But get more information before you find yourself too deeply involved without knowing in which direction you should

go. **TAURUS (April 20 to May 20)** You might find things becoming tedious as your schedule slows down after the holidays. Use this time to get information about a possible post-

New Year job change. **GEMINI (May 21 to June 20)** The creative Twin finds outlets for his or her ideas in the early part of the week. The practical Twin takes it a step further and rallies support to

turn the ideas into reality. **CANCER (June 21 to July 22)** It's time to stop being intimidated by someone's negative behavior. Start taking positive steps on your own to help strengthen your position down the line. **LEO (July 23 to August 22)** Look closely at that so-called golden opportunity. Best to be a cautious Cat who approaches things slowly, rather than one who pounces without knowing where you'll land. **VIRGO (August 23 to September 22)** Your apology can resolve that personal situation before it overshadows the start of your new year. You'll feel better, even if you're only

partly to blame for what happened. **LIBRA (September 23 to October 22)** Avoid overtaxing yourself, even if your energy levels are high and you feel that you can do it all. Best to pace yourself so you won't run yourself down. **SCORPIO (October 23 to November 21)** Your sense of humor helps get you through a stressful period. Some of your quick quips can take the edge off any remaining negativity being aimed at you. **SAGITTARIUS (November 22 to December 21)** Your artistic talents not only help you express yourself these days, but they also set up a line of

communication between you and someone very special. **CAPRICORN (December 22 to January 19)** It's fine to appreciate the importance of having a "proper form" for doing things. But relax a bit in order to allow newcomers on the project to feel less intimidated by you. **AQUARIUS (January 20 to February 18)** Use your boundless reserve of optimism to persuade others to work with you so that you can resolve a difficult workplace problem before it ruins the dynamics in place. **PISCES (February 19 to March 20)** You brim over with self-confidence as you begin to tackle a new challenge. And, before you know it, you're not alone: Others have taken the plunge with you.

**BORN THIS WEEK:** You have a highly defined sense of commitment to others. You would make a fine social worker.
