FUN & GAMES

ARIES (March 21 to April 19) Although you love being the focus of everyone's attention, it's a good idea to take a few steps back right now to just watch the action. What you see can help with an upcoming decision.

TAURUS (April 20 to May 20) "Caution" continues to be your watchword this week, as a former colleague tries to reconnect old links. There are still some dark places that need to be illuminated.

LIBRA (September 23 to October 22) You might surprise everyone by being unusually impulsive this week. But even level-headed Libras need to do the unexpected now and then.

SCORPIO (October 23 to November 21) A period of turmoil gives way to a calmer, more settled environment. Use this quieter time to patch up neglected personal and/or professional relationships.

SAGITTARIUS (November 22 to December 21) A new relationship could create

resentment among family and friends who feel left out of your life. Show them you care by making more time for them.
CAPRICORN (December 22 to January 19) Concentrate on completing all your unfinished tasks before deadline. You'll then be able to use this freed-up time to research new career opportunities.

AQUARIUS (January 20 to February 18) You're right to try to help colleagues resolve their heated differences. But keep your objectivity, and avoid showing any favoritism between the two sides.

PISCES (February 19 to March 20) Your personal life continues to show positive changes. Enjoy this happy turn of events, by all means. But be careful not to neglect your workplace obligations.

BORN THIS WEEK: People of all ages look to you for advice and encouragement. You would make an excellent counselor.
