FUN & GAMES

ARIES (March 21 to April 19) The pitter-patter of all those Sheep feet means that you're out and about, rushing to get more done. That's fine, but slow down by the week-end so you can heed some important advice.

TAURUS (April 20 to May 20) You're in charge of your own destiny these days, and, no doubt, you'll have that Bull's-eye of yours right on target. But don't forget to make time for family events.
GEMINI (May 21 to June 20) Be prepared for a power struggle that you don't want. Look to the helpful folks around you for advice on how to avoid it without losing the important gains you've made.

CANCER (June 21 to July 22) Congratulations! You're about to claim your hard-earned reward for your patience and persistence. Now, go out and enjoy some fun and games with friends and family.
LEO (July 23 to August 22) The Big Cat might find it difficult to shake off that listless feeling. But be patient. By week's end, your spirits will perk up and you'll be your perfectly purring self again.
VIRGO (August 23 to September 22) A problem with a co-worker could prove to be a blessing in disguise when a superior steps in to investigate and discovers a situation that could prove helpful to you.

LIBRA (September 23 to October 22) This is a favorable time to move ahead with your plans. Some setbacks are expected, but they're only temporary. Pick up the pace again and stay with it.
SCORPIO (October 23 to November 21) Your creativity is recognized and rewarded. So go ahead and claim what you've earned. Meanwhile, that irksome and mysterious situation soon will be resolved.
SAGITTARIUS (November 22 to December 21) A new associate brings ideas that the wise Sagittarian quickly will realize can benefit both of you. Meanwhile, someone

from the workplace makes an emotional request.
CAPRICORN (December 22 to January 19) It might be a good idea to ease up on that hectic pace and spend more time studying things you'll need to know when more opportunities come later in November.
AQUARIUS (January 20 to February 18) A relatively quiet time is now giving way to a period of high activity. Face it with the anticipation that it will bring you some well-deserved boons and benefits.
PISCES (February 19 to March 20) Go with the flow, or make waves? It's up to you. Either way, you'll get noticed. However, make up your own mind. Don't let anyone tell you what choices to make.

BORN THIS WEEK: You like to examine everything before you agree to accept what you're told. Your need for truth keeps all those around you honest.
