# FUN & GAMES

**ARIES (March 21 to April 19)** Put that restless Arian surge to good use this week by preparing your winter-weary home for spring. Also, be more

flexible about accepting a workplace change. **TAURUS (April 20 to May 20)** Your well-known ability to be patient is challenged as you wait

for more news about a promising opportunity that could lead you down a new career path. **GEMINI (May 21 to June**

**20)** A setback in your travel plans could prove to be a blessing in disguise. Use this extra time to help close a growing gap between you and a family member. **CANCER (June 21 to July 22)** Don't let a sudden sense of separation between you and your partner go unchallenged. It's important to make a strong effort to clear things up. **LEO (July 23 to August 22)** Use the information

you recently received to make some long-deferred changes regarding a personal situation. Also, continue to exercise financial restraint. **VIRGO (August 23 to September 22)** That new responsibility you're now considering could lead to many opportunities. But be sure you have all the facts before you agree to take it on. **LIBRA (September 23 to October 22)** A friend might try to advise you

against a potentially risky move. Ultimately, the decision is yours, but hear them out before you decide. **SCORPIO (October 23 to November 21)** You might feel justified in demanding an apology, but it might be wiser to settle things so that today's adversary doesn't become tomorrow's enemy. **SAGITTARIUS (November 22 to December 21)** Good news: Expect a more positive aspect to dominate your personal and professional lives. In addition, someone close to you seeks your counsel. **CAPRICORN (December 22 to January 19)** A disappointment can turn into a learning experience. Now, at least, you know what not to do. Meanwhile, expect more options to open up. **AQUARIUS (January 20 to February 18)** What goes around comes around as a friend from the past returns a favor. Don't be timid about accepting it with good grace. You deserve it. **PISCES (February 19 to March 20)** Your spiritual strength helps you deal with a family member's problem. Expect some difficulties, but stay with it until it's ultimately resolved. **BORN THIS WEEK:** You can observe people and situations with absolute honesty. You'd be a fine social worker, psychoanalyst or member of the clergy.
