# FUN & GAMES

**ARIES (March 21 to April 19)** Stop being the wool-gathering Lamb, and start turning that dream project into reality. You have the ideas, the drive and the charisma to persuade

others to follow your lead. So do it.  
**TAURUS (April 20 to May 20)** You've scored some big successes. But remember that all hard-working Ferdinands and

Ferdinandas need some time to restore their energies and refresh their spirits.  
**GEMINI (May 21 to June 20)** You're gaining a stronger mental image of what you're

trying to achieve. Now, look for the facts that will help get this to develop from a concept into a solid proposal.  
**CANCER (June 21 to July 22)** Some of you eager-to-please Moon Children might want to delay some decisions until midweek, when you can again think more with your head than your heart.

**LEO (July 23 to August 22)** A new business venture seems to offer everything you've been looking for. But be careful that this rosy picture doesn't betray traces of red ink under the surface.  
**VIRGO (August 23 to September 22)** A volatile situation needs the kind of thoughtful

and considerate care you can provide right now. There'll be plenty of time later to analyze what might have gone wrong.  
**LIBRA (September 23 to October 22)** Your loyalty to a friend in a tough situation earns you respect from people you care about. Those who criticize you don't understand what friendship is all about.

**SCORPIO (October 23 to November 21)** Your strong work ethic is rewarded with the kind of challenging opportunity you love to tackle. Now, go ahead and celebrate with family and/or close friends.  
**SAGITTARIUS (November 22 to December 21)** A legal

matter you thought had been finally resolved could require a second look. But don't make any moves without consulting your lawyer.

**CAPRICORN (December 22 to January 19)** Taking charge is what you like to do, and since you do it so well, expect to be asked to lead a special group. This could open an exciting new vista for you.

**AQUARIUS (January 20 to February 18)** An important matter might wind up being entrusted to you for handling. The responsibility is heavy, but you'll have support from people able and eager to help.

**PISCES (February 19 to March 20)** A spouse or partner might make an important, even life-changing, suggestion. Consider it carefully. It could hold some of the answers you've both been looking for.

**BORN THIS WEEK:** You always try to do the right thing for the right reasons. No wonder people have come to depend on you.
