FUN & GAMES

ARIES (March 21 to April 19) A sudden change of plans could lead to a misunderstanding with a friend or family member. Be ready to offer a full explanation of your decision. A past favor is returned.

TAURUS (April 20 to May 20) Expect pressure from those who want you to change your position on a matter of importance. However, the determined Bovine will be able to withstand the bullying and win out.

GEMINI (May 21 to June

20) It's time to stop dwelling on past disappointments and move on to other possibilities. By week's end, you'll be meeting new people and making new plans for the future.

CANCER (June 21 to July 22) A long-simmering situation between co-workers threatens to heat up and could create problems with your work schedule. Best advice: Consult a supervisor on how to proceed.

LEO (July 23 to August 22) You might have just learned

that someone close to you is keeping a secret. And, of course, the Cat's curiosity has gone into overdrive. But be patient. All is revealed soon enough.

VIRGO (August 23 to September 22) Don't give up. The recognition citing the good work you recently did will come through. Meanwhile, an opportunity opens up that can lead to a lot of traveling later on.

LIBRA (September 23 to October 22) A financial crunch eases, but it's still

a good idea to keep a tight rein on what you spend for nonessentials. Education becomes a major focus as the week winds down.

SCORPIO (October 23 to November 21) Recent encounters with stressful situations could require some restorative measures to get your energy levels back up. Talk to your doctor about a diet and exercise program.

SAGITTARIUS (November 22 to December 21) New connections follow changes on the job or in your personal life. But keep your feelings reined in until these relationships have a chance to develop.

CAPRICORN (December 22 to January 19) Pay more attention to your aches and pains, but avoid self-diagnoses. Seek

professional advice to make sure these problems won't lead to something more serious.

AQUARIUS (January 20 to February 18) You love doing research and learning new things, so you'll be happy to know that education becomes a big part of your life at this time, and for some time to come.

PISCES (February 19 to March 20) Your Piscean penchant for doing things logically could be challenged by an equally strong emotional reaction to a new situation. Best advice: Keep the two factors in balance.

BORN THIS WEEK: You love music and nature. You would be an excellent environmentalist, as well as a fine singer or musician.
