# FUN & GAMES

**ARIES (March 21 to April 19)** Temper your typical Aries urge to charge into a situation and demand answers. Instead, let the Lamb's gentler self emerge to deal with a problem that requires delicacy.  
**TAURUS (April 20 to May 20)** You are aware of what's going on, so continue to

stand by your earlier decision, no matter how persuasive the counterarguments might be. Money pressures soon will ease.  
**GEMINI (May 21 to June 20)** By all means, have fun and enjoy your newly expanded social life. But don't forget that some people are depending on you to keep

promises that are very important to them.  
**CANCER (June 21 to July 22)** You need to wait patiently for an answer to a workplace problem and not push for a decision. Remember: Time is on your side. A financial matter needs closer attention.  
**LEO (July 23 to August**

**22)** You now have information that can influence that decision you planned to make. But the clever Cat will consult a trusted friend or family member before making a major move.  
**VIRGO (August 23 to September 22)** Good news: You're finding that more doors are opening for you to show what you can do, and you don't even have to knock very hard to get the attention you're seeking.  
**LIBRA (September 23 to October 22)** Your gift for creating order out of chaos will help you deal with a sud-

den rush of responsibilities that would threaten someone less able to balance his or her priorities.  
**SCORPIO (October 23 to November 21)** Congratulations. Your energy levels are coming right back up to normal -- just in time to help you tackle some worthwhile challenges and make some important choices.  
**SAGITTARIUS (November 22 to December 21)** The sage Sagittarian should demand a full explanation of inconsistencies that might be cropping up in what had seemed to be a straightfor-

ward deal.  
**CAPRICORN (December 22 to January 19)** A conflict between obligations to family and to the job can create stressful problems. Best advice: Balance your dual priorities so that one doesn't outweigh the other.  
**AQUARIUS (January 20 to February 18)** Don't guess, speculate or gossip about that "mystery" situation at the workplace. Bide your time. An explanation will be forthcoming very soon.  
**PISCES (February 19 to March 20)** Boredom might be creeping in and causing you to lose interest in a repeat project. Deal with it by flipping over your usual routine and finding a new way to do an old task.
