# FUN & GAMES

**ARIES (March 21 to April 19)** Although you would prefer to move forward at a steady pace, it might be a good idea to stop and reassess your plans. You could find a

good reason to make a change at this time.

**TAURUS (April 20 to May 20)** Just when you thought you had everything planned to the smallest detail, you

get some news that could unsettle things. But a timely explanation helps put it all back on track.

**GEMINI (May 21 to June 20)** Home and work continue to compete for your attention. But you handle it well by giving each its proper due. Someone you trust offers valuable advice. Listen to it.

**CANCER (June 21 to July 22)** Unsettling news creates a difficult but not impossible situation. Continue to follow your planned routine, but keep your mind open to a possible change down the line.

**LEO (July 23 to August 22)** Lick your wounded pride if you like, but it's a better idea to find out why your suggestions were rejected. What you learn could help you deal with an upcoming situation.

**VIRGO (August 23 to September 22)** Feeling a bit listless? No wonder. You might be pushing too hard to finish everything on your to-do list. Cutting it down could help get your energy levels up.

**LIBRA (September 23 to October 22)** Taking

time out of your busy schedule might be the best way to handle that sensitive private matter. It will help reassure everyone involved about your priorities.

**SCORPIO (October 23 to November 21)** Insist on full disclosure by all parties before agreeing to be part of a "great deal." What you learn should help you decide whether to go with it or not.

**SAGITTARIUS (November 22 to December 21)** Your decision to protect the secret that was entrusted to you might irk some people. But it also wins you the admiration of those who value trust and loyalty.

**CAPRICORN (December 22 to January 19)** Creative activities take on a practical approach as you realize you might be able to market your work. Ask for advice from someone experienced in this area.

**AQUARIUS (January 20 to February 18)** If you're suddenly a bit unsure about your decision, ask trusted colleagues and/or friends or family members for suggestions that could help resolve your doubts.

**PISCES (February 19 to March 20)** A workplace situation could get stormy. But stay on course until there's a solution that meets with everyone's approval, and things finally can calm down.

**BORN THIS WEEK:** You keep an open mind on most matters, making you the confidante of choice for people who need your honest counsel.
