# FUN & GAMES

**ARIES (March 21 to April 19)** Recently obtained information could open a new opportunity for a career change. But temper that Arian impatience and act on it only when all the facts are made available.  
**TAURUS (April 20 to May**

**20)** You're moving into a more active cycle. So put your ideas back on the table, where they'll be given the attention they deserve. Expect a favorable change in your love life.  
**GEMINI (May 21 to June 20)**

A friend might ask for a favor that you feel would compromise your values. Best advice: Confront him or her and explain why you must say no. A true friend will understand.  
**CANCER (June 21 to July 22)** A relationship continues

to develop along positive lines. Meanwhile, a job situation is brewing that could create complications for one of your pet projects. Look into it right away.  
**LEO (July 23 to August 22)** Your interest in a co-worker's project could lead to a profitable experience for you both. But before you agree to anything, be sure to get all your legal I's dotted and T's crossed.  
**VIRGO (August 23 to September 22)** Be careful whose counsel you take about a possible long-distance move.

Some advice might not necessarily be in your best interest. Stay focused on your goals.  
**LIBRA (September 23 to October 22)** Someone might try to complicate efforts in an attempt to work out that confusing job situation. But don't let that keep you from sticking with your decision to push for a resolution.  
**SCORPIO (October 23 to November 21)** A disagreement on how to handle a family problem could create more trouble for all concerned. Look for ways to cool things

down before they boil over.  
**SAGITTARIUS (November 22 to December 21)** An unexpected change in long-standing workplace procedure and policy could provide a new career target for the Archer to aim at. Start making inquiries.  
**CAPRICORN (December 22 to January 19)** You're finally able to get back into the swing of things, as those temporary doldrums begin to lift. Expect some surprising disclosures from a new colleague.  
**AQUARIUS (January 20 to February 18)** Rely on your innate sense of justice to see you through a dilemma involving a family member. Other relatives who've stood back soon will come forward as well.  
**PISCES (February 19 to March 20)** A new friend seems to be pushing you to take risks -- financial or otherwise. Best advice: Don't do it. They might have a hidden agenda that hasn't surfaced yet
