Own your own private estate on almost 20 wooded acres. This quad level home has loads of character throughout. Retro kitchen with appliances may be quaint enough to keep. Bring the toys! 30'x62' heated garage/workshop has a lean-to on two sides to store them in, and plenty of room to ride. Newer roof, flooring, carpet, furnace, ac, and water heater. Very spacious rooms including a private master suite with 'his and her' closets and a half bath. Minimal updating will bring the charm back to this grand home.

FUN & GAMES

ARIES (March 21 to April 19) Information you need might be coming in sporadically, but at least what you're getting is valuable. Continue to wait until more is available before acting on that career move.
TAURUS (April 20 to May 20) You continue on an up-beat cycle, and with that strong Taurean energy you should see favorable results from your hard work. A pleasant surprise awaits you in your private life.
GEMINI (May 21 to June 20) A misunderstanding

needs more time to be worked out. Don't give up on it just yet. Remain open to providing explanations, if called for. Another friend offers good advice.
CANCER (June 21 to July 22) Fast action can correct a seemingly minor problem

that has taken on some unexpectedly difficult aspects. Stay with it until it's resolved. News on a more positive note is due soon.
LEO (July 23 to August 22) Some snags could cause delays in those plans you're eager to see put into operation. But be patient. The Clever Cat will soon have good reason to celebrate a job well done.
VIRGO (August 23 to September 22) Be careful not to let that Virgin sensitivity dissuade you from being the hardheaded realist you should be at this time. Your goals are in sight. Stay focused on them.

LIBRA (September 23 to October 22) A more positive aspect opens up, allowing you to make some important changes in a personal situation. Remember to seek balance and avoid extremes as you proceed.
SCORPIO (October 23 to November 21) This is a good week to get out and enjoy the fine times you missed while you were so deep in those workaday projects. Be sure to share it with that special person.
SAGITTARIUS (November 22 to December 21) Work and play are in balance this week. However, expect news that could tip

things toward the workplace for quite a while. But all to a good end.
CAPRICORN (December 22 to January 19) You're more productive on the job than you have been in some time. That's good. But be careful not to overlook some situations developing in your private life.
AQUARIUS (January 20 to February 18) You've been doing a lot for others (as usual). But now it's time to focus on your needs, including finally going on that long-delayed trip you've been hoping to make.
PISCES (February 19 to March 20) It's all smoothly going on 'twixt you and that very special person in your life. But a colleague causes some disruption on the job that you might be called on to help settle.
