FUN & GAMES

ARIES (March 21 to April 19) You feel ready to face up to a major change, although it might involve some risks. A once-dubious family member comes around and offers support and encouragement.

TAURUS (April 20 to May 20) Move forward with your plans, despite discourag-

ing words from those who underestimate the Bovine's strong will. Your keen instincts will guide you well.

GEMINI (May 21 to June 20) A misunderstanding is easily cleared up. Then go ahead and enjoy some fun and games this week. A Libra might have ideas that merit serious consideration

for the future.

CANCER (June 21 to July 22) You might feel as if you're in an emotional pressure cooker, but the situation is about to change in your favor. Take time out for some well-earned fun.

LEO (July 23 to August 22) A shift in your workplace responsibilities creates re-

sentment among some co-workers. Deal with it before it becomes a threat to your success on the job.

VIRGO (August 23 to September 22) Expect some surprises in what you thought was one of your typically well-planned schedules. Deal with them, and then enjoy some light-hearted entertainment.

LIBRA (September 23 to October 22) Be careful: What appears to be a solid financial opportunity might have some hidden risks attached. A hazy personal

matter needs to be cleared up.

SCORPIO (October 23 to November 21) It's a good time to strengthen ties with family and friends. You might feel unsure about a recent workplace decision, but time will prove you did the right thing.

SAGITTARIUS (November 22 to December 21) Just when you thought your relationship was comfortable and even predictable, your partner or spouse could spring a potentially life-changing surprise on you.

CAPRICORN (December 22 to January 19) Your usually generous self is overshadowed by your equally strong suspicious nature. You might be judging things too harshly. Keep an open mind.

AQUARIUS (January 20 to February 18) Love and romance dominate the week. Married Aquarians enjoy domestic harmony, while singles could soon be welcoming overtures from loving Leos.

PISCES (February 19 to March 20) An old health problem recurs, but it is soon dealt with, leaving you eager to get back into the swing of things. A favorable travel period starts this week.

BORN THIS WEEK: You have an independent spirit that resists being told what to do. But you're also wise enough to appreciate good advice.
