# FUN & GAMES

**ARIES (March 21 to April 19)** A recent spate of confusion regarding decision-making begins to clear up. But caution is still advised. Continue to check details. An old friend has important news.  
**TAURUS (April 20 to May 20)** You're anxious to see

your ideas move from concept to development. But trying to force the issue right now could backfire. Wait for movement to resume shortly.  
**GEMINI (May 21 to June 20)** Keep your thoughts focused on the positive as you deal with an unexpected

turn of events in a personal or professional relationship. This could be the start of a welcome change.  
**CANCER (June 21 to July 22)** Health matters take on added importance at this time. Deal with them before they interfere with your summer plans. A relationship

that cooled off could soon warm up again.  
**LEO (July 23 to August 22)** While a few details involving upcoming decisions still need your attention, you fun-loving Felines can begin to spend more time enjoying your lively social life again.  
**VIRGO (August 23 to September 22)** That long-sought-after career change could require you to move to another city. Weigh your decision carefully before either accepting or rejecting the offer out of hand.  
**LIBRA (September 23 to October 22)** A workplace

situation can be awkward for Librans who prefer to keep their problems private. But you might have to "tell-all" if you hope to see it resolved in your favor.  
**SCORPIO (October 23 to November 21)** Although your financial situation starts to improve this week, you still need to be cautious about money matters. Avoid major obligations, for now.  
**SAGITTARIUS (November 22 to December 21)** Your overall aspects continue to brighten, allowing you to tackle long-deferred challenges. A change in travel

plans could work to your benefit.  
**CAPRICORN (December 22 to January 19)** Things seem to be slowing down for the usually restless Sea Goat. But wouldn't a bit of respite be just what you need right now? Activity picks up by the weekend.  
**AQUARIUS (January 20 to February 18)** Personal relationships take a positive turn for both married and single Aquarians. Professional commitments, however, could be complicated by newly emerging events.  
**PISCES (February 19 to March 20)** A decision you thought was final might be reopened as new facts are discovered. This could lead to a short-term problem, but ultimately might prove beneficial.
