As we continue on our path through this Lenten season, this time of “self-examination and repentance . . . prayer, fasting, and self-denial; and by reading and meditating on God’s holy Word”, we are approaching Holy Week and the joy of the Resurrection on Easter day.

Though we continued our future vision, the primary fellowship gathering in March was to celebrate Kristen’s birthday. It was a joyful gathering with all those in the congregation and others who were able to join in the festivities.

We begin April on the traditional note with April Fools Day. Be careful not to be “fooled”.

April 3rd is the last Sunday before we begin Holy Week on Palm Sunday, April 10th.

It has almost become traditional that we welcome an annual Bishop’s visit on Palm Sunday.

This year we look forward to having the Assistant Bishop of the Diocese of West Texas and his

wife with us. The Rt. Rev. Rayford B. High, Jr., D.D., and his wife Ann, will not only be joining

us for worship on Sunday, but have accepted the invitation to arrive Saturday, the 9th, to stay with Linda and Steve Keim. The congregation is invited to join Bishop Rayford and Ann at the Kiem's, beginning at 2:30 p.m., to enjoy an afternoon of fun, fellowship and food.

FROM THE HEART (CONT'D)

On Palm Sunday we will continue our traditional Liturgy of the Palms and procession from Miller Parks. At the time for the Gospel lesson, we will be reading the Passion. Following our worship service, we will again welcome Bishop High and Ann with a brunch in the parish hall.

Finally, on Easter, we will again say "Alleluia, Christ is risen! The Lord is risen indeed". We will again see the bright colors of Spring and celebrate the Risen Lord with the joy of new life.

On April 18th I anticipate having my last radiation treatment. On April 22nd Kristen and I will leave for a vacation to the west coast. Matthew, Rachel and Spike are planning to be back in the States and we will be meeting them on the 28th or 29th of April either in San Francisco or at Yosemite National Park. We haven't seen them in person for almost two years. I will return on May 5th and Kristen will return to NYC.

I wish us all a joyous and Holy Eastertide.

Blessings.

Tom

The Rt. Rev. Rayford High

On Easter Day

By Celia Thaxter, 1835-1894

Easter lilies! Can you hear
What they whisper, low and clear?
In dewy fragrance they unfold
Their splendor sweet, their snow and gold.
Every beauty-breathing bell
News of heaven has to tell.
Listen to their mystic voice,
Hear, oh mortal, and rejoice!
Hark, their soft and heavenly chime!
Christ is risen for all time!

Facts You Didn't Know About the Month of April

By Dixie Allan

In the northern hemisphere April is a most confusing month; rainy and wet one day, the next full of a warm promise of green growth to come. Besides the weather, the month is full of surprises and contradictions, prized for rebirth and endings, and a birth month to amazing geniuses and crazed despots both, making fun of astrological predictions.

April is named after the Greek goddess of love, Aphrodite. In the Roman calendar, the fourth month April is spelled Aprilis, meaning "to open." Festivals which were planned for April included Parrilla, a day celebrating the founding of Rome.

The name Aprilis, then, fits April, because in so many places in the northern hemisphere April is the month when trees and flowers begin to bloom and go on to flower.

Two signs in the traditional Zodiac calendar fall in April, both of which are domestic animals, quadrupeds with cloven hoofs. People born in the first part of the month between March 21st and April 19th are said to be born under the sign of Aries the Ram, a Sun sign which is ruled by the planet and the Roman god of War, Mars. Those born from April 20th to May 20th are born under Taurus the Bull, an Earth sign who is ruled by the planet and the Roman goddess of love, Venus. No wonder people born on the cusp (between April 19th and 20th) are just confused.

Two flowers signify the month of April: the daisy and the sweet pea. The daisy symbolizes innocence, loyal love, and purity; but it also means "I'll never tell!" The oldest daisy on record is the *Bellis perennis*, known as *Daeges eage* (or Day's eye) in the Middle Ages because its petals close at night to cover the yellow center. Today there are more than 90 varieties of flowers that are called daisies, and they come in red, yellow, purple, orange, blue, and pink colored petals, and vary widely in size. But they are, as director/writer Nora Ephron once wrote, "the friendliest flower."

The sweet pea signifies blissful pleasure; and are used to say goodbye. Sweet peas may be a pretty flower, but they are also one of the oldest food crops on our planet, domesticated by humans about 11,000 years ago.

The birthstone for people born in April is the diamond, one of the hardest substances on earth, and one that formed deep in the earth, even if we don't know how long ago that happened. The word diamond comes from the early Greek word *adamas*, meaning untamable and related to our word *adamant*. That's because the Greeks knew a tough customer when they saw one. Among the earliest historical mentions of diamonds engraved precious stones set in the breastplate of the high priest is found in the book of Exodus, where diamond (*jahalom* in Hebrew) is mentioned as one of twelve engraved precious stones set in the breastplate of the high priest.

Diamonds are said to bring all kinds of benefits to their owners, supposedly leading the wearer to experience better relationships and an increase in inner strength. They are supposed to bring balance, clarity, and abundance, and it is symbolic of eternal love and the bringer of wealth to six centuries of the diamond trade.

The English poet William Wordsworth was born April 7, 1770, and one of his best-known poems is perfect for April in the northern hemisphere: "I wandered lonely as a cloud," which he first published in 1807. Here's a little snippet for an April day:

*I wandered lonely as a cloud
That floats on high o'er vales and hills,
When all at once I saw a crowd,
A host, of golden daffodils;
Beside the lake, beneath the trees,
Fluttering and dancing in the breeze.*

The famous language expert Noah Webster was a bit of an April fool: one of his dearest wishes was to reform English spelling for Americans, to make it simpler and more obvious. While millions of school children could go for that; Webster's proposals included removing all double vowels. Bread would be spelled bred; friend would become frend; tuf for tuf, laf for laugh, kee for key, and speek for speak. He also wanted us to spell machine masheen, and pique peek.

His successes included changing plough for plow and draught for draft; but if you're a poor speller, you might just peek your frends and attribute that to your fondness for April's Noah Webster.

What can you possibly say about Leonardo in 100 words? He was a painter, a scientist who painted many pieces of religious art; he was fascinated by the flight of birds and the mechanisms of guns. He was a Renaissance genius for his and any other time, capable of turning his hand to anything. And he was born in April.

The Elizabethan playwright William Shakespeare was another April genius, born on April 23, 1564, and died on or about his April birthday at the age of 52 in England in 1616. He may have stolen whole plots and plot twists from his fellow playwrights and ancient history, but his prose and poetic output is unmatched for originality and complexity. William Shakespeare is still rightly revered today.

Just in case you thought that only marvelously talented people and gifted people were born in April, Adolf Hitler, surely one of the most depraved leaders ever, was born in Austria on April 20th, 1889. His brand of crazy involved world domination and extreme mass murder that makes you wish there were a better word than "mass murder." Maybe it was that "cusp" thing.

From one Kitchen to Another

Servings: 8 bundles

Prep Time: 20 mins

Cook Time: 12 mins

Total Time: 32 mins

Bundles of asparagus, pancetta, parmesan cheese baking in puff pastry. Use frozen puff pastry to make this a super simple appetizer.

Ingredients

1 small bunch asparagus , woody ends removed (about 1/2 lb, 225 grams)

1/4 cup Parmesan cheese , grated (30 grams)

8 slices pancetta , see Note (2 oz, 56 grams)

1 sheet puff pastry , thawed if frozen

1 tablespoon olive oil

Salt and pepper

1 large egg + 1 tablespoon water , for egg wash

Instructions

Preheat oven to 425 degrees F. Line a sheet pan with parchment paper.

Out a lightly floured surface, roll the puff pastry out to a large rectangle about about twice its size. Square off edges and cut into 8 squares or rectangles.

Toss asparagus in olive oil and sprinkle lightly with salt and pepper.

To make the bundles, take a square of puff pastry and brush with egg wash. Place slice of pancetta on top, followed by 3-4 stalks of asparagus (depending on size) and parmesan cheese. Wrap pancetta around asparagus, then wrap with the puff pastry. Make sure the puff pastry overlaps some and press to seal. Brush puff pastry with more egg wash.

Bake until puff pastry is golden and puffed, about 12 minutes. Serve immediately.

NOTES:

Use can substitute prosciutto, bacon or deli ham for the pancetta, if desired.
