

**Julia Miller**  
**Director, El Camino Healthcare District Board of Directors**

We are living in unprecedented times. I am running for re-election to the El Camino Healthcare District Board because I have the institutional knowledge and experience needed to face these difficult challenges and succeed.

I have served on the board of the El Camino Healthcare District and El Camino Hospital for the past eight years. During my tenure, I have been a fierce advocate for accessibility and transparency in our healthcare system. I also served on the board of the Association of California Healthcare Districts, and I have been deeply involved in my community for decades, including as Mayor of Sunnyvale.

My leadership in these roles has resulted in greater public visibility with webcast board meetings, and I raised over \$10M to support our services. I was instrumental in the opening of two new buildings: a world-class Behavioral Health & Addiction Services facility, and an Integrated Medical Office facility that provide one-stop services. Finally, my colleagues and I hired a new CEO, who has expanded our services to create a healthcare system adding 12 new regional clinics.

My expertise and institutional knowledge stretch beyond healthcare and provide me with a unique perspective as one of the only nonmedical board members. As Mayor of Sunnyvale and as a long time Lockheed Martin employee, I have learned how to build coalitions and ensure accountability - strengths that I will continue using to my advantage.

In the midst of heightened Covid-19 cases, there is no room for error. I will make pandemic readiness the central priority of my term. I will also continue to champion smart, real-time solutions that will maintain the financial security needed in these unpredictable times, while still providing our patients with excellent care and treatment.

We also cannot lose sight of our long-term goals. I plan to focus on critical needs, such as mental health, substance abuse, and cancer treatment, as well as the expansion of our Stroke Center and Neurosciences Program.

With your continued support, I will champion transparency, accountability, financial prudence, and a comprehensive community-driven COVID Recovery Plan that ensures our patients' future health and safety.

My endorsers include former Secretary of Transportation Norman Mineta, Congressman Ro Khanna, State Senator Jerry Hill, and the mayor of every city in the district. A complete list is available on my website: [www.juliamiller.net](http://www.juliamiller.net). I would be honored to receive your vote. Thank you.
