

# Personal Style. Superior Craftsmanship.

Wherever you are in the process of choosing window treatments, inspiration awaits with Graber. From relaxed and romantic to tailored and timeless, you're sure to find a style that reflects who you are.

To fill a specific need with your window treatments, review the icons below to identify the perfect Graber solution.

- **Light Control**  
A variety of options available to manage daylight.
- **Energy Efficiency**  
Insulation against the heat and cold.
- **Wide Windows**  
Available in greater widths, some up to 192".
- **Motorization**  
Simple, intuitive automated control for individual or grouped shades.
- **Heat & Humidity**  
Withstands moisture and extreme climates.
- **Child & Pet Safety**  
Enhanced safety with features such as motorized lift, cordless lift, or wand control.
- **Flame Resistant**  
Meets National Fire Protection Agency's NFPA 701 standard for flammability.

NOTE: You may see multiple Graber products in one photo. Icons only refer to characteristics of the featured treatment solution. Only select fabrics withstand humidity—see your dealer for details.

## Natural Shades

Naturally organic, beautifully handwoven, Graber Natural Shades are made from renewable resources, including bamboo, jute, and grasses, and crafted into shades that add texture to your interior. Also available in natural drapes and sliding panels, liners can be added to help control incoming light, increase privacy, and boost energy savings as well.

## Sheer Vertical Blinds

Their flowing appearance brings to mind soft drapery, but Graber Sheer Vertical Blinds also offer easy practicality with their light control and privacy. When rotated open, vinyl vanes draped in sheer fabric are a beautiful way to let in gently diffused light.

## Vertical & Horizontal Blinds

For window treatments that resist humidity and provide precise light control, consider custom-crafted Graber Vertical & Horizontal Blinds. Whether aluminum or vinyl, these blinds are durable, dependable, and virtually maintenance-free. Our vertical blinds are also available in fabric, sheer, and vinyl vanes—a solution that pairs nicely with patio doors and large windows.

## Sliding Panels

A true performer on larger windows and patio doors, Graber Sliding Panels offer a sleek, architectural profile. This tailored alternative to vertical blinds caters to your light control preferences, as well as privacy needs.

## Custom-Crafted Treatments

Graber offers a variety of lift systems, colors, finishes, fabrics, and opacities, for a full spectrum of high-quality window treatments that are custom fit to each window's exact size.

### Graber Visualizer

Take the guesswork out of choosing window treatments. Simply upload a photo of your windows and let the Graber Visualizer show you how certain window treatments would look in your actual room.

### Product Advisor

Selecting window treatments can be a bit overwhelming. Fortunately, the Graber Product Advisor can help. This tool asks you a few simple questions and shows you promising solutions.

### Swatchbook

Save photos and swatches to your personal swatchbook. Then download to share with friends and your Graber Window Treatment Expert. Also, free fabric swatches are available to help you find your perfect color and style.

**WARNING/ADVERTENCIA**

**Window Blind Cord Strangulation Risk**  
Window blinds with a damaged or loose tension device or retractable cord that fails to fully retract pose a strangulation risk to children. To avoid this potential strangulation risk, consider purchasing cordless products or products with inaccessible cords.

**Riesgo de Estrangulamiento en Cuerdas de Persianas**  
Las persianas con un dispositivo tensor suelto o dañado o con una cuerda retráctil que no se ajusta completamente representan un riesgo de estrangulación para los niños. Para evitar un posible riesgo de estrangulamiento, considere comprar productos inalámbricos o productos con cuerdas inaccesibles.

EVERY DETAIL

## Cellular & Pleated Shades

Graber Cellular Shades deliver unsurpassed energy savings via honeycomb-shaped cells that create a barrier at the window for year-round comfort. Choose from blackout fabrics for darker, more restful rooms; shades with antimicrobial protection; and an array of beautiful colors and textures to complement your design. Graber Pleated Shades also feature on-trend textiles, folded into crisp pleats for modern design with light and privacy control.

## Solar & Roller Shades

For easy light management, consider Graber Solar & Roller Shades. Available in a variety of openness levels, solar shades protect against heat, glare, and UV rays while still allowing a view to the outside. Roller shades come in a variety of on-trend hues and patterns and are available in sheer, light-filtering, room-darkening, and blackout opacities. Both solar and roller shades are also available with UltraLite lift.

## Sheer Shades

Graber Sheer Shades feature fabric vanes draped between two layers of sheer fabric, gently diffusing light for an airy, luxurious feel. Unlike our competition, Graber Sheer Shades feature elegant, woven fabrics that are never glued and always crafted with care. Available in unique, new prints, these shades are also available in cordless lift for a safer, smooth aesthetic.

## Layered Shades

Graber Layered Shades feature alternating sheer and opaque fabrics that let in gently filtered light when open—and control incoming light when closed—for a truly unique look. Available in exclusive prints, patterns, and textures—including shiny new metallics—these modern shades are also now available with UltraLite lift.

## Wood Blinds

Whether your style leans rustic or contemporary or somewhere in between, make Graber Wood Blinds your own with your choice of an on-trend paint or stain. Custom-crafted from 100% North American hardwood, these blinds are lightweight and easy to operate, which makes them ideal for all windows. Plus, we finish them to showcase the wood's natural beauty, so they complement every décor style.

## Faux Wood & Composite Blinds

Graber Faux Wood & Composite Blinds provide the luxe look of real wood with enhanced durability. Because they tolerate high humidity, faux wood blinds are a sensible addition to kitchens, bathrooms, and laundry rooms, though they notably add character and dimension to any living space.

## Wood & Composite Shutters

Graber Wood Shutters add character and cordiality to your home. Made from 100% North American hardwood, our wood shutters can be customized with a wide assortment of paints, stains, options, and upgrades. When designing your kitchen and bathrooms, choose Graber Composite Shutters, engineered to withstand humid conditions.

\*Humidity control applies to composite shutters only.

## Drapery & Roman Shades

Choose from sophisticated, bold prints, detailed embroideries, and casual linen blends for a distinctive design that we'll hand-tailor to your specification. Elegant details include double-turned hems, sewn-in liners, and bottom weights to ensure your drapery hangs gracefully. We also craft Graber Roman Shades with your preferred fabric, while our cornices and valances add to the drama.
