

Sex Abuse Cases

At AFG Settlement Planning, we specialize in safeguarding your clients' settlement funds in sex abuse cases. We understand the unique challenges and long-term financial needs faced by your clients, who may require ongoing care or want to provide for their loved ones in the future.

Going Beyond the Basics

Unlike traditional options, such as lump sum or structured settlements, our comprehensive settlement planning services go beyond the ordinary. We treat every settlement with the utmost care, just as we would for a wealthy family or a business owner selling a multi-million-dollar business.

Personalized Plans

Our experienced professionals work closely with you and your clients to craft personalized plans that address their specific needs and concerns. We meticulously consider potential threats to their settlement funds, such as medical bills, therapy costs, creditors, and tax obligations. Through careful financial, tax, and estate planning, our aim is to minimize these risks and ensure the financial well-being of your clients.

Contact us today to learn more about our specialized settlement planning services and how we can help safeguard your clients' financial futures. At AFG Settlement Planning, we are dedicated to empowering sex abuse survivors to move forward with their lives, free from financial worries, and with the resources they need.

Sensitive and Understanding

By introducing your clients to AFG Settlement Planning, you can trust that we handle each case with sensitivity and understanding. Having handled numerous settlements for victims of sexual abuse from colleges, churches, and other organizations, we understand the emotional toll that sex abuse cases and related legal processes can take on survivors and their families.

Securing Financial Futures

With our expertise in settlement planning, you can have peace of mind, knowing that your clients' financial futures are secure. While you work tirelessly to ensure they receive the rightful compensation they deserve, we assist in maximizing those funds to provide for their families and safeguard their long-term interests.
