Poly wood box: USD40/CBM		

1) Ordinary quality---Standard version Grade C

Fiberglass resin + #02 homespun + furniture nitrocellular paint + 2-3 times of polish (product performance: slightly less smooth surface) After 2-4 years, the product surface maybe tarnish, the material also not so strong. This level quality better for indoor

2) Better quality---Advanced version / Grade B

196 fiberglass reinforced plastic resin +04 homespun + 4-5 times polish + better paint + varnish (product performance: the surface smoothness is general, the product body strength is general)

it is smooth and Bright beautiful, anti-corrosion and waterproof. This level good for indoor or outdoor, The service life about 4-6years

3) Top grade quality---luxurious version / Grade A

8200 special resin +04 platinum fiber cloth + more than 6-7 times of polishing + special 2K advanced car painting (the product is characterized by high surface smoothness, especially remarkable high gloss effect, and high strength of the product's embryo body, product service time over 10 years under normal usage)

The service life over 6years even under the rain or sunshine, very good quality level, but high cost

<p>Normal Inside material no so strong</p> <p>7443 低</p> <p>Grade C</p>	<p>Normal quality--Grade C Normal Fiberglass resin Inside body not so strong, Normal indoor pain Surface 2-3 times of polish, There maybe some mini Bubble eye Or the surface not very smooth, As photo here, service life about 1-2 years</p>	
<p>Better quality The inside hardness is ok</p> <p>中</p> <p>Grade B</p>	<p>Better quality---Grade B # 196 fiberglass resin +04 homespun The surface 4-5 times polish Ordinary outdoor car paint the surface nearly few lump, anti-corrosion, waterproof. The surface have few lump, Inside material Relatively strong after 3-5 year sun or raining expose, the surface may have crack</p>	
<p>Super strong and hard inside</p> <p>Grade A</p> <p>高</p> <p>High density molecular material</p>	<p>Top grade quality---Grade A # 8200 special resin & more than 6-7 times of polishing surface, use special 2K advanced car painting High surface smoothness, No lump or Bubble eye, Such version product service life over 8 years, it is good for indoor or outdoor It can expose under rainy or sun</p>
