UNALOME

MODERN

We are the new Bali, where East + West merge.

We create. We inspire. We evoke emotion.
We strive to be a reflection of a more sincere and
unconstrained way of being.

TIMELESS

We are rooted in the traditions of indigenous cultures.

We meld old world artistry with modern ingenuity. By working
with some of the worlds most talented artisans from radically
different creative fields, we are able to tell a unique story with
ever collection we launch.

CRAFT

We are built by skilled artisans who honor their craft.

Our people are at the heart of everything we do.
We are 600-strong and our diverse team consists of architects,
interior designers, artisan carpenters and master craftsmen - all
working together to create our finest pieces.

UNASTORY

Ten years have passed since their fateful meeting on a warm Bali night and Michel and Ako have found their groove.

Michel, having grown up in Denmark, learned the trade from his father who started his signature furniture company 45 years ago and became the largest importer of rattan and bamboo into Scandinavia.

Ako, having made his mark in finance and investment banking in the UK and Australia, was looking for a new challenge mixed with a dash of adventure for the soul.

Since the establishment of his first showroom in Jakarta, Indonesia in 2001, Michel, had been expanding his businesses globally and was considering bringing a partner into the fold.

With a passion for life and eagerness to build a legacy, Ako stepped into the role of CEO with ease and grace.

The unalome symbol represents the path to enlightenment in the Buddhist culture. It speaks to our challenges in life, and how we can find harmony amongst them.

We find that our craft mimics the same process.

This is UNALOME.
