Dear Friends,

In November of 2018, Forever Pink Foundation was a group established in Kearney, Nebraska with the goal of raising funds for those diagnosed and undergoing breast cancer treatment. Forever Pink Foundation is committed to bringing financial peace to those undergoing breast cancer treatment. Our goal is to raise awareness, knowledge and funds to support those right here in our own community and surrounding areas. We are excited about our growth and efforts and look forward to serving those in need for many years to come. We are dedicated to bring knowledge and awareness to Kearney and the surrounding areas.

We would like to invite you to join us in supporting Forever Pink Foundation on an annual basis. Our mission is to positively impact Kearney and the surrounding communities by providing focus, support and resources needed to financially and emotionally assist those battling breast cancer. To date we have given over \$25,000 to breast cancer patients locally. Working together we can make a difference.

In the United States about 1 in 8 women will develop invasive breast cancer. In women, about 85% of breast cancers occur in women who have no family history of breast cancer. Approximately 281,550 new cases of invasive breast cancer were expected to be diagnosed in 2021, along with the 49,290 new cases of non-invasive breast cancer. Breast cancer does not just affect females. In 2021, about 2,650 men will be diagnosed with invasive breast cancer. These are your Mothers, Fathers, Sisters, Brothers, Daughters, Sons and Friends.

The Board of Directors are excited to invite you to the upcoming events:
