LITTLE SWEDEN USA

Öl Stuga 119 S. Main St. Lindsborg, Kansas

ÖL (Ool) n. Swedish = ALE
STUGA (Stoogah) n. Swedish = HOUSE

- | The Öl Stuga was visited by President Mikhail Gorbachev. His drink of choice was vodka and cranberry juice – a Gorbati, as we now call it.
- | The dollars on the ceiling are collected throughout the year for the graduating Bethany College students to have a graduation party in May. Wrap a dollar around a billfold with a tack through it, throw the wallet up at the ceiling, and *-if you do it correctly!-* the dollar sticks and your wallet returns back down to you.
- | We were featured on Good Morning America's "Best Bites: College Edition" for our Brent Nelson Special sandwich.
- | We were also featured in "Kansas!" Magazine's Bucket List for Must-Do Attractions while in Kansas.
- | The Brent Nelson Sandwich was originally a "Trust Me" sandwich. A "Trust Me" is something you can still order, in which you trust the cook to make you something delicious. Brent liked his "Trust Me" so much, that he kept ordering it and spread the word to others to order a "Trust Me", but how Brent gets it... *The rest is history!*
