

Chorus Audition Information

Students with a vested interest in the Program of Choral and Vocal Studies are more than welcome to be part of our award-winning program. Serious inquiries should come prepared to audition with one solo selection (classical, or folk) with an accompaniment track (no voices on the track) and be prepared to sight read a simple musical excerpt. Any accompaniments from YouTube must be downloaded.

Placement will be defined upon audition results. Students may be placed in one of three chorus classes. All upper-level chorus classes will have after school rehearsals. Students will also be required to take Piano as a secondary instrument class (10th grade) and Vocal Technique class (11 grade). Students must maintain a 3.0 GPA in all applied music classes to be eligible to perform, and an overall 2.5 GPA to be in good VPA standing.

Once your application is complete and has been approved, you will be assigned an audition time. Applications & Details for auditions are on our website.
