

Hello—

Thank you for your interest in the VPA program here at NPHS. Even though our VPA program is in its first years, please know that our Orchestra Program is well established, and one of the best in the state. With consistent Straight Superior Ratings at Music Performance Assessments, and invitations to perform all around the globe, know that North Port High School Orchestra Program will give you the musical experience you deserve.

Below you will find the audition procedures and requirements necessary for acceptance into our program. You will see that there are two options to choose from:

- 1) VPA membership—Students who are comfortable and accomplished musicians who have developed skills in shifting and various key signatures, a variety of bowing techniques and skills, and have a controlled vibrato should pick this option.
- 2) Pre-VPA membership—Students who have been playing for at least one year and are proficient music readers, comfortable with standard notes and rhythms. This option requires a re-audition at the end of each school year of membership until full VPA status is achieved.

Our VPA and Pre-VPA members study and perform together, and receive the same instruction, therefore this is a fast-paced environment for our Pre-VPA members.

Other things to know—

Currently our VPA program rehearses exclusively after school (typically one day a week, TBA), and has other requirements that must be met each year to continue in the program. Please see the requirements on page 2/3.

Please note that while it is possible, there are many conflicts with other VPA programs as well as AICE requirements. If you plan on being a music major in college please understand that the VPA requirements are necessary and designed to help you prepare a college audition.

To submit your audition, please prepare either the VPA or Pre-VPA audition materials, along with 3 scales/arpeggios (each played a minimum of 2 octaves) of your choosing.

Please make sure the video clearly shows your instrument and hands so that technique can be assessed.

If you have any questions, please email me.

Sincerely,

Lorianne Alegria
